Alaska Marijuana Control Board

Form MJ-01: Marijuana Establishment Operating Plan

What is this form?

An operating plan is required for all marijuana establishment license applications. Applicants should review **Title 17.38** of **Alaska Statutes** and **Chapter 306** of the **Alaska Administrative Code.** This form will be used to document how an applicant intends to meet the requirements of those statutes and regulations. If your business has a formal operating plan, you may include a copy of that operating plan with your application, but all fields of this form must still be completed per 3 AAC 306.020(c).

What must be covered in an operating plan?

Applicants must identify how the proposed premises will comply with applicable statutes and regulations regarding the following:

- Security
- Inventory tracking of all marijuana and marijuana product on the premises
- Employee qualification and training
- Waste disposal
- Transportation and delivery of marijuana and marijuana products
- Signage and advertising
- Control plan for persons under the age of 21

Applicants must also complete the corresponding operating plan supplemental forms (**Form MJ-03, Form MJ-04, Form MJ-05,** or **Form MJ-06)** to meet the additional operating plan requirements for each license type.

Section 1 – Establishment Information

Enter information for the business seeking to be licensed, as identified on the license application.

Section 2 – Security

Review the requirements under 3 AAC 306.710 – 3 AAC 306.720 and 3 AAC 306.755, and identify how the proposed premises will meet the listed requirements.

Describe how the proposed premises will comply with each of the following:

Restricted Access Areas (3 AAC 306.710):

Describe how you will prevent unescorted members of the public from entering restricted access areas:

The facility is located inside of a 120' chain link fence completely out of public view. All entrances to the restricted areas have secured keypad lock. All exterior and interior openings will be monitored by HD video surveillance with DVR.

Describe your processes for admitting visitors into and escorting them through restricted access areas:

Visitors must setup an appointment before visiting the facility. Each visitors must sign a log book and will only be allowed to enter the restricted area accompanied by an authorized employee.

Form MJ-01: Marijuana Establishment Operating Plan

Security Alarm Systems and Lock Standards (3 AAC 306.715):

Exterior lighting is required to facilitate surveillance. Describe how the exterior lighting will meet this requirement:

The entire exterior perimeter of the building will be lighted. Light fixtures will be installed minimum 15' above from the ground. All exterior and interior entrances will be equipped with motion activated lights.

An alarm system is required for all license types. Describe the security alarm system for the proposed premises:

All exterior corners, all points of entry and exit, guest area, grow room, storage, safe and vault will have video surveillance. All points of entry and exit will have a motion sensor and pressure sensor trigger for a surveillance system with siren, light, remote alert and video. All cameras will be positioned for the capture of facial recognition. Video cameras will be connected to a DVR with a motion sensitive trigger that will alert designated employees for a live monitor and email alert within 5 minutes. Video surveillance and alarm system will have a backup power system to last one hour during a power failure. The DVR system will have a digital storage to last at least 40 days.

The alarm system must be activated on all exterior doors and windows when the licensed premises is closed for business. Describe how the security alarm system meets this requirement:

The video surveillance and alarm system described above will be fully activated after business hours. Any points of entry and exit breach, motion sensor activation will be notified to a security monitoring agency and notified via text and email to designated employees within 5 minutes.

Alaska Marijuana Control Board

Form MJ-01: Marijuana Establishment Operating Plan

Describe your policies and procedures for preventing diversion of marijuana or marijuana product:

Background checks on all employees before hire. Provide employee handbook with clearly defined expectations and guidelines. Continuous video monitoring on all restricted area by off site monitoring service. Be diligent with tracking 100% of marijuana inventory by utilizing inventory tracking system. Hard count cannabis product daily bases and reconciled with a inventory tracking system. Build employee loyalty by providing higher wages and benefits. All cannabis waste will be disposed of only by authorized employee and stored in locked container. Any cannabis sales transaction will be process only by authorized LLC managing member.

REVISED
2:28 am, Jan 05, 2017

Describe your policies and procedures for preventing loitering:

We will post signs stating "Surveillance Cameras on Duty" around the outside perimeter of the building and front of the gate. Motion sensor with audible alarm will be activated after hours. Off site monitoring agency will monitor any security breach after hours and report it to the proper channel including the local enforcement authority.

Describe your policies and procedures regarding the use of any additional security device, such as a motion detector, pressure switch, and duress, panic, or hold-up alarm to enhance security of the proposed premises:

Motion sensors will be used in conjunction with HD video surveillance to record 24/7. Magnetic sensors are installed on all points of entry and exit to generate audible tone with open and close of entry doors. Panic buttons are installed throughout the restricted area and inside the premise to alert off site monitoring agency and designated employee incase of an emergency. Any activation of sensors on premise will initiate HD video surveillance recording and alert the off site monitoring agency and designated employee with a live feed images.

Form MJ-01: Marijuana Establishment Operating Plan

Describe your policies and procedures regarding the actions to be taken by a licensee, employee, or agent when any automatic or electronic notification system alerts a local law enforcement agency of an unauthorized breach of security:

The designated employee will report immediately to the facility once notified by the local law enforcement agency. We will assist with the investigation and write up an incident report, assess any damage and loss, as well as write up plans for immediate damage mitigation and repair plans.

Video Surveillance (3 AAC 306.720):

All licensed marijuana establishments must meet minimum standards for surveillance equipment. Applicants should be able to answer "Yes" to all items below.

Video surveillance and camera recording system covers the following areas of the premises:	Yes	No
Each restricted access area and each entrance to a restricted access area	■	☐
Both the interior and exterior of each entrance to the facility	■	☐
Each point of sale area	■	☐

Each video surveillance recording:	Yes	No
Is preserved for a minimum of 40 days, in a format that can be easily accessed for viewing	■	☐
Clearly and accurately displays the time and date	■	☐
Is archived in a format that does not permit alteration of the recorded image, so that the images can readily be authenticated	■	☐

Form MJ-01: Marijuana Establishment Operating Plan

Describe how the video cameras will be placed to produce a clear view adequate to identify any individual inside the licensed premises, or within 20 feet of each entrance to the licensed premises:

There will be HD video surveillance with a DVR at all exterior building corners, all points of entry and exit, guest area, grow room, storage, safe and vault. HD video surveillance will be installed in a way that produces a clear view adequate to identify any individual within 20 feet of each entrance. HD video surveillance cameras will be installed high enough to avoid vandalism from intruder.

Describe the locked and secure area where video surveillance recording equipment and records will be housed and stored and how you will ensure the area is accessible only to authorized personnel, law enforcement, or an agent of the board:

HD video surveillance equipment, security system equipment, company data server and all sensitive data will be stored inside the vault designated in the floor plan. Entrance to the vault will have a commercial steel door with HD video surveillance inside and out, keypad lock paired with a dead bolt lock. Licensee and one authorized employee will have access to the vault for assisting access to law enforcement personnel including an agent of the board.

Location of Surveillance Equipment and Video Surveillance Records:	Yes	No
Surveillance room or area is clearly defined on the premises diagram	■	☐
Surveillance recording equipment and video surveillance records are housed in a designated, locked, and secure area or in a lock box, cabinet, closet or other secure area	■	☐
Surveillance recording equipment access is limited to a marijuana establishment licensee or authorized employee, and to law enforcement personnel including an agent of the board	■	☐
Video surveillance records are stored off-site	■	☐

Business Records (3 AAC 306.755):

All licensed marijuana establishments must maintain, in a format that is readily understood by a reasonably prudent business person, certain business records. Applicants should be able to answer "Yes" to all items below.

Business Records Maintained and Kept on the Licensed Premises:	Yes	No
All books and records necessary to fully account for each business transaction conducted under its license for the current year and three preceding calendar years; records for the last six months are maintained on the marijuana establishment's licensed premises; older records may be archived on or off-premises	■	☐
A current employee list setting out the full name and marijuana handler permit number of each licensee, employee, and agent who works at the marijuana establishment	■	☐
The business contact information for vendors that maintain video surveillance systems and security alarm systems for the licensed premises	■	☐
Records related to advertising and marketing	■	☐
A current diagram of the licensed premises including each restricted access area	■	☐
A log recording the name, and date and time of entry of each visitor permitted into a restricted access area	■	☐
All records normally retained for tax purposes	■	☐
Accurate and comprehensive inventory tracking records that account for all marijuana inventory activity from seed or immature plant stage until the retail marijuana or retail marijuana product is sold to a consumer, to another marijuana establishment, or destroyed	■	☐
Transportation records for marijuana and marijuana product as required under 3 AAC 306.750(f)	■	☐

Section 3 – Inventory Tracking of All Marijuana and Marijuana Product

Review the requirements under 3 AAC 306.730, and identify how the proposed establishment will meet the listed requirements.

All licensed marijuana establishments must use a marijuana inventory tracking system capable of sharing information with the system the board implements to ensure all marijuana cultivated and sold in the state, and each marijuana product processed and sold in the state, is identified and tracked from the time the marijuana propagated from seed or cutting, through transfer to another licensed marijuana establishment, or use in manufacturing a product, to a completed sale of marijuana or marijuana product, or disposal of the harvest batch of marijuana or production lot of marijuana product.

Applicants should be able to answer "Yes" to all items below.

Marijuana Tracking and Weighing:	Yes	No
A marijuana inventory tracking system, capable of sharing information with the system the board implements to ensure tracking for the reasons listed above, will be used	■	☐
All marijuana delivered to a marijuana establishment will be weighed on a scale certified in compliance with 3 AAC 306.745	■	☐

Describe the marijuana tracking system that you plan to use and how you will ensure that it is capable of sharing information with the system the board implements:

METRC tracking system will be used to share information with Alaska Marijuana Control Board.

Section 4 – Employee Qualification and Training

Review the requirements under 3 AAC 306.700, and identify how the proposed establishment will meet the listed requirements.

A marijuana establishment and each licensee, employee, or agent of the marijuana establishment who sells, cultivates, manufactures, tests, or transports marijuana or a marijuana product, or who checks the identification of a consumer or visitor, shall obtain a marijuana handler permit from the board before being licensed or beginning employment at a marijuana establishment.

Applicants should be able to answer "Yes" to all items below.

Marijuana Hander Permit:	Yes	No
Each licensee, employee, or agent of the marijuana establishment who sells, cultivates, manufactures, tests, or transports marijuana or marijuana product, or who checks the identification of a consumer or visitor, shall obtain a marijuana handler permit from the board before being licensed or beginning employment at the marijuana establishment	■	☐
Each licensee, employee, or agent who is required to have a marijuana handler permit shall keep that person's marijuana handler permit card in that person's immediate possession (or a valid copy on file on the premises of a retail marijuana store, marijuana cultivation facility, or marijuana product manufacturing facility) when on the licensed premises	■	☐
Each licensee, employee, or agent who is required to have a marijuana handler permit shall ensure that that person's marijuana handler permit card is valid and has not expired	■	☐

Describe how your establishment will meet the requirements for employee qualifications and training:

All employees will have a handler permit before employment. Employees will have options to take an online cannabis courses to further strengthen their skills and knowledge.

Section 5 – Waste Disposal

Review the requirements under 3 AAC 306.740, and identify how the proposed establishment will meet the listed requirements.

Applicants should be able to answer "Yes" to the statement below.

Marijuana Waste Disposal:	Yes	No
The marijuana establishment shall give the board at least 3 days notice in the marijuana inventory tracking system required under 3 AAC 306.730 before making the waste unusable and disposing of it	■	☐

Describe how you will store, manage, and dispose of any solid or liquid waste, including wastewater generated during marijuana cultivation, production, process, testing, or retail sales, in compliance with applicable federal, state, and local laws and regulations:

Any and all cannabis waste will be stored in a locked metal container until it is properly disposed of. The container will be located in the grow room to prevent any odors or pests. We will not have any wastewater generated due to limited grow and manual watering. If we have any wastewater generated. We will use collected wastewater for gardening and yard within scope of Clean Water Act. or install reverse osmosis system.

Describe what material or materials you will mix with the ground marijuana waste to make it unusable:

To make waste marijuana unusable we will use equal amounts of non-compostable materials such as paper, cardboard or plastic for landfill disposal.

Section 6 – Transportation and Delivery of Marijuana and Marijuana Products

Review the requirements under 3 AAC 306.750, and identify how the proposed establishment will meet the listed requirements.

Applicants should be able to answer "Yes" to all items below.

Marijuana Transportation:	Yes	No
The marijuana establishment from which a shipment of marijuana or marijuana product originates will ensure that any individual transporting marijuana shall have a marijuana handler permit required under 3 AAC 306.700	■	☐
The marijuana establishment that originates the transport of any marijuana or marijuana product will use the marijuana inventory tracking system to record the type, amount, and weight of marijuana or marijuana product being transported, the name of the transporter, the time of departure and expected delivery, and the make, model, and license plate number of the transporting vehicle	■	☐
The marijuana establishment that originates the transport of any marijuana or marijuana product will ensure that a complete printed transport manifest on a form prescribed by the board must be kept with the marijuana or marijuana product at all times during transport	■	☐
During transport, any marijuana or marijuana product will be in a sealed package or container in a locked, safe, and secure storage compartment in the vehicle transporting the marijuana or marijuana product, and the sealed package will not be opened during transport	■	☐
Any vehicle transporting marijuana or marijuana product will travel directly from the shipping marijuana establishment to the receiving marijuana establishment, and will not make any unnecessary stops in between except to deliver or pick up marijuana or marijuana product at any other licensed marijuana establishment	■	☐
When the marijuana establishment receives marijuana or marijuana product from another licensed marijuana establishment, the recipient of the shipment will use the marijuana inventory tracking system to report the type, amount, and weight of marijuana or marijuana product received	■	☐
The marijuana establishment will refuse to accept any shipment of marijuana or marijuana product that is not accompanied by the transport manifest	■	☐
