Jamie,

I am following up on the application mentioned in the subject line. It is still incomplete. This email does not extend the 90-day deadline you have to get this application complete to avoid having to start completely over with the process. That deadline is 8/8/2018.

- You still have not submitted a corrected page 7 of MJ-01, last box. Because you are using the video surveillance equipment and storing video surveillance records on the proposed licensed premises of the retail, the answer is "yes".
- The master lease must include the clause that the landlord/lessor will not take possession of or remove marijuana or marijuana products from the licensed premises, and AMCO will be contacted. The current statement on the master lease for which you sent a screenshot does not suffice.

Respectfully,

Jane P Sawyer
