Vivian,

If you look at the subject line of the email, you have license 10694 which was moved to failed to complete because that very specific application was never complete. Buik Hong should have the email he was sent a while back regarding that.

Now that you responded with the correct license number which is 12964, I can tell you that the incomplete letter talks about all the corrections that need to be made to that application and the deadline to submit 100% accurate and complete corrections. I have attached it to this email.

I or our office is unable to give advice so if you or Buik Hong need advice you will need to contact an attorney.

Thanks
Jane

Our license number is #12964

As per the email, we have 90 days from 8/2/2016? or was it from June? Please clarify.

I wasn't informed about a due date. Please advise.

We are in the process of final revisions to our missing applications. We will like to understand how we can send these documents to the board for review. (MJ-01, 02, 03, 07)
And do we have a specified deadline? Thank you

Sincerely,
Vivian J. Jung
