Hello, Vivian,

I reviewed the corrections.

Few more things:

- Page 3 of the new MJ-00 (I attached it to this email) has the boxes initialed, but only one box applies to Buik. Please correct it and send it back.

- I need the LLC's operating agreement for West Front Andrew LLC.

- Did you run the one-time newspaper ad that shows the new DBA? If not you need to run the newspaper ad with the new DBA. Make sure you get the Advertisement Notice template from myAlaska for the newspaper company. I will need the publisher's affidavit for that publishing.

- MJ-07 Public Notice Posting Affidavit still pending from you (this is you posting the Public Notice with the new DBA at the proposed location and another conspicuous location)

- MJ-08 Local Government Notice Affidavit still pending from you (this is you providing the local government with the updated Public Notice).

- MJ-01 Operating Plan:
    - Page 11- I just want to make sure that Buik understands that licensee/employee/agents must have a marijuana handler's card that is issued by our office. Yes, they need to do the class from which they receive a certificate but then they need to submit it to our office in order to obtain the marijuana handler's permit. Please have Buik make a note that he understands that in this box.
    - Page 12 & 13- the 3-day notice to our office regarding marijuana or marijuana product waste before it is rendered unusable and disposed of must be given in writing by email to our enforcement section as Metrc does not have that function. Please amend that section of the answers to these pages to reflect it.
    - Page 15, second box: retail marijuana stores are not allowed to

transport marijuana or marijuana products to another licensed marijuana establishment other than another retail marijuana store. Please correct that section of this page.
    - Page 16, the sign on the plaza's listing of stores is not allowed. All signs with the business name of it or logos must be attached to the premises. Please remove that from this page.

- MJ-02 Premises Diagram
    - I attached the most recent diagram I have for this application. It needs a little more work:
        - On the aerial view map/diagram that is in this email. Will you please change the name of the DBA.
        - On the colorful diagram, please show where the disposal area is going to be

Please note that this email does not extend the 90-day deadline you have under 3 AAC 306.025(f) to get the application deemed complete. Said deadline is 10/31/2017.

Thanks, Vivian.
