Re: Marijuana Product Manufacturing Facility License #13175

Dear applicant,

The AMCO Office is reviewing the documents submitted for the proposed marijuana establishment license referenced above. The following items need to be corrected and/or resubmitted.

- **Online Application**
  - Tammie Miller is a 25% member of Sideshow Food, LLC according to your entity documents so she needs to be listed on the on-line application as an official which, currently, she is not. In order to add her as an official I will need to roll the application back to "New" status so that she can be added as an official, and the re-submit. Please let me know you have read this so I can roll it back.

- **MJ-00 Application Certifications**
  - License Type on MJ-00 for Nicole Christensen needs to be corrected to Marijuana Product Manufacturing Facility.

- **MJ-01 Operating Plan**
  - Page 2, first box: please re-review 3 AAC 306.710 and elaborate further on your answer. For example, you do not talk about how your establishment will comply with the employee/consumer ratio requirement.
  - Page 6: in the box at the end of the answer it looks like the rest was cut off. Please submit.
  - Page 9: please re-review 3 AAC 306.755 and provide an answer that better reflects your understanding of the regulation and how your establishment will comply.
  - Page 7, first box: please re-review 3 AAC 306.535 and expand upon your answer to explain how your establishment will meet the video surveillance requirement under this section.
  - Page 12, either box: please include in your answer that you understand that you must contact AMCO enforcement by email (as Metrc will not allow you to do it) 3-days before rendering the marijuana or marijuana product unusable and disposing of it.
  - Page 15, first box: please re-review 3 AAC 306.565, 3 AAC 306.570, and 3 AAC 306.750 and further explain how your establishment will comply with those regulations regarding preparing, packaging, and securing marijuana or marijuana products for transportation.

- **MJ-02 Premises Diagram**

- Your aerial view diagram is good but cannot really identify your establishment. Will you please mark it better.
- On your premises diagram please show the following:
  - Licensed premises (one color)
  - Restricted access area(s) within the licensed premises (another color)
  - Storage area for marijuana or marijuana products
  - More legible diagram because the current one is hard to read (cannot cross reference the "Key" with the diagram.

- **MJ-05 Product Manufacturing Supplemental**
  - This entire application needs to be re-done, it was not reviewed as submitted. Each and every product requires pages 4 and 5 with all the required information in the fields, you may attach further explanation on a separate sheet, but the main summary must be outlined in the fields (attachments in lieu of filling out the fields with the required information is inadequate).
  - Please make sure the license type is corrected on this application as well.

- **MJ-07 Public Notice Posting Affidavit**
  - License Type on this form needs to be corrected to Marijuana Product Manufacturing Facility.

- **MJ-08 Local Government Notice Affidavit**
  - License Type on this form needs to be corrected to Marijuana Product Manufacturing Facility.

- **MJ-09 Statement of Financial Interest**
  - License Type on MJ-09 for Nicole Christensen needs to be corrected to Marijuana Product Manufacturing Facility.

- **Proof of Possession for Proposed Premises (corrections to leases must be initialed by the landlord/lessor and sub-lessor)**
  - The master lease and sublease, each, need a disclaimer that in case of default landlord will not remove or take possession of marijuana or marijuana products and AMCO will be contacted.

If we do not receive your completions within 90 days, per 3 AAC 306.025(f), you must file a new application and pay a new fee.

Respectfully,

Jane Sawyer, Occupational Licensing Examiner
For,
Erika McConnell, Director
