Date:	Thursday, October 19, 2017 5:14:00 PM

Nicole,

Here is what you need to address from the corrections I received 10/12/17.

Cookie dough (all of them):

- The "Oracle Cookies" name must be incorporated in the product name block on each dough flavor (I have verified this with my supervisor).
- The serving size on the label of the product must be in dough not cookie. You will be selling the product in dough not in an already-made cookie. What is the size of the serving in dough (1 ball of dough, half of ball, etc. [if it is anything than the whole ball the dough ball must be clearly demarcated])

Fudge (all of them):

- The "Knife Thrower" name must be incorporated in the product name block on each fudge flavor.
- The serving size on the label of the product must in fudge, not candy. This is fudge not candy. What is the size of the serving in fudge (one square, half square [if it is half square the fudge must clearly be demarcated])

Soda (all of them):

- The "High Dive Soda" name must be incorporated in the product name block on each soda flavor.

Candy (all of them):

- The "Acrobats" name must be incorporated in the product name block on each candy flavor.
- On the Packaging Description for each candy you show the same red candy for all the different types of flavors some of which are not red in color. Will you please indicate that the same picture is being used to show the packaging (if that's what the intent of it is) or change the color of each candy to show the true color of the final product.

Marshmallows (all of them):

- The "Fire Eater" name must be incorporated in the product name

block on each marshmallow flavor.

This follow up email does not extend the 90-day deadline to complete the application per 3 AAC 306.025(f). The deadline for this application to be deemed complete and avoid starting from scratch is 10/31/17.

Nicole,

Will you also please include colorful pictures of your products.

I am listening to the board meeting right now on a product manufacturing and they are tabling items that do not have a very clear picture of the product to include the coloring.

Thanks
Jane

One more thing.

The deadline for application to be deemed complete for the November meeting is 10/27/17. I know it gets confusing, too many deadlines, that's our work here constantly.

Use the forms you originally submitted, just correct that section, initial, and resend to me. You submitted new forms with posting/notice dates that don't even coincide with the date you initiated the application online.

Nicole, I know you called me last week asking for the status. It was too much for me to try to explain at that moment. Will you please call me once you have reviewed this email with any question you may have, but I also want to speak with you.
