Amendment(s) to product(s) not temp. approved

Lady Gray Changes to MJ05 – PRODUCTS THAT DID NOT GET TEMP APPROVED AND TO BE HEARD MCB OCTOBER 2018

Almond Joyfuls

- Adding ability to be more flexible with ingredients in order to have alternating flavor combinations of various dried fruit and nuts, still keeping in same shape and dosage.
- Changing the name from “Almond Joyfuls” to “Lady Gray’s Joyfuls” to accommodate the above change in flexibility in flavors.
- Adding single and double serving sizes
- Updating packaging material from exit bags to mylar bags
- Updating labeling to remove advice about edibles (informational sheets will be available to retailers for customer education)
- Adding to include “Manufactured in a shared facility” for all items that contain gluten free ingredients - although we manufacture these items alone and on different days, the same equipment is used and we want to make anyone aware who may have severe allergies
- Updating Ingredients
- Updating “Keep Refrigerated” to “Keep Frozen but thaw to enjoy by” to keep with our 6 month expiration dates
- Removing line “Vegan, Paleo, Dairy Free, Gluten Free, Grain Free Options Available” as it causes some confusion the way it was written (some people just start reading Vegan, Paleo, Dairy Free and assume the package contains those items, not that it is an available option as the end of the sentence states)
- Updating the processor section of the label to reflect Production Batch numbers and realistic edibles information

Berry Mojitio Fruit Leather

- Updating name to Fruit Leather
- Updating ingredients to offer a variety of flavors
- Updating approximate sizing to be more flexible to accommodate a range of similar sizes, but according to what will equal 5mg, for ease of manufacturing, not trying to make 5mg equal a certain size.
- Adding single and double serving sizes
- Updating packaging material from exit bags to mylar bags
- Updating labeling to remove advice about edibles (informational sheets will be available to retailers for customer education)
- Updating storage directions to “Keep Frozen, thaw when ready to enjoy! Once thawed, enjoy within 3 days.”
- Removing line “Vegan, Paleo, Dairy Free, Gluten Free, Grain Free Options Available” as it causes some confusion the way it was written (some people just start reading Vegan, Paleo, Dairy Free and assume the package contains those items, not that it is an available option as the end of the sentence states)
- Updating the processor section of the label to reflect Production Batch numbers and realistic edibles information

Butter Mints

Received by AMCO 10.1.18

- Adding single and double serving sizes
- Updating product description and ingredients to reflect a variety of flavors
- Updating packaging material to add ability to package in hard sided drams alone or mylar bags alone, depending on the retailer preference
- Updating labeling to remove advice about edibles (informational sheets will be available to retailers for customer education)
- Updating storage directions.
- Removing line "Vegan, Paleo, Dairy Free, Gluten Free, Grain Free Options Available" as it causes some confusion the way it was written (some people just start reading Vegan, Paleo, Dairy Free and assume the package contains those items, not that it is an available option as the end of the sentence states)
- Updating the processor section of the label to reflect Production Batch numbers and realistic edibles information

Chocolate Hazelnut Spread, Chocolate Peanut Butter, Cinnamon Raisin Almond Butter

COMBINED INTO LADY GRAY'S NUT BUTTERS

- Combining very similar products into one umbrella category
- Adding single and double serving sizes
- Updating product description and ingredients to reflect a variety of flavors
- Updating packaging material to single serve 5mg pouches instead of tablespoon/ teaspoon serving size directions. Updating singe serving size pouches to be available without additional exit packaging (provided by retailers). Updating 2-10 servings into mylar bags instead of mylar exit bags.
- Updating labeling to remove advice about edibles (informational sheets will be available to retailers for customer education)
- Updating storage directions to "Keep refrigerated but let come to room temp when ready to enjoy. Knead in packet to mix."
- Removing line "Vegan, Paleo, Dairy Free, Gluten Free, Grain Free Options Available" as it causes some confusion the way it was written (some people just start reading Vegan, Paleo, Dairy Free and assume the package contains those items, not that it is an available option as the end of the sentence states)
- Updating the processor section of the label to reflect Production Batch numbers and realistic edibles information

Elation

- Updating product description and ingredients to reflect a variety of flavor/scent combinations
- Updating the serving size options to go from 1 50mg bottle to either a 25mg bottle OR a 50mg bottle
- Updating an optional label for marketing purposes, based on retailer preference to discuss more of the topical or edible application instead of focusing on the product as only a feminine lubricant
- Updating the bottle label to indicate number of dosage sprays and "shake well before every use"
- Updating the processor section of the label to reflect Production Batch numbers and realistic edibles information

Orange Chocolate Chip Cookies or Dough

- Combining very similar products into one umbrella category (cookies and the same cookie dough)
- Adding single and double serving sizes

Received by AMCO 10.1.18

- Updating product description and ingredients to include coconut oil or
- Updating packaging material to mylar bags
- Updating labeling to remove advice about edibles (informational sheets will be available to retailers for customer education)
- Updating storage directions to “Keep frozen until ready to enjoy. Once thawed use within 3 days” for cookies.
- Removing line “Vegan, Paleo, Dairy Free, Gluten Free, Grain Free Options Available” as it causes some confusion the way it was written (some people just start reading Vegan, Paleo, Dairy Free and assume the package contains those items, not that it is an available option as the end of the sentence states)
- Updating the processor section of the label to reflect Production Batch numbers and realistic edibles information

Tincture

- Updating product description and ingredients to reflect a variety of flavor/scent combinations as well as an alcohol base or a nonalcoholic base (vegetable glycerin).
- Updating the name from “Fireball Tincture” to “Lady Gray’s Tincture” to accommodate above changes to reflect various flavors.
- Deleting the extra mylar bag as packaging and containing all necessary information on one label that is directly applied to the bottle
- Updating package sizes to include both a 25mg bottle version and a 50mg bottle version
- Updating serving size to be more accurate across all packaging with a measured dropper top (many manufacturers vary on drop sizes with dropper lids which can inadvertently lead to inaccurate dosing).

Snickering Doodles Cookies or Dough

- Combining very similar products into one umbrella category (cookies and the same cookie dough)
- Adding single and double serving sizes
- Updating product description and ingredients to include coconut oil or butter
- Updating packaging material to mylar bags
- Updating labeling to remove advice about edibles (informational sheets will be available to retailers for customer education)
- Updating storage directions to “Keep frozen until ready to enjoy. Once thawed use within 3 days” for cookies.
- Removing line “Vegan, Paleo, Dairy Free, Gluten Free, Grain Free Options Available” as it causes some confusion the way it was written (some people just start reading Vegan, Paleo, Dairy Free and assume the package contains those items, not that it is an available option as the end of the sentence states)
- Updating the processor section of the label to reflect Production Batch numbers and realistic edibles information

Lady Gray’s Granola

- Combining very similar products into one umbrella category (different flavors of granola all going into one category)
- Adding single and double serving sizes
- Updating packaging material to individually dosed 5mg pouches for proper demarkation and then inside mylar bags for serving sizes more than 2
- Updating labeling to remove advice about edibles (informational sheets will be

Received by AMCO 10.1.18

available to retailers for customer education)
- Updating storage directions to “Keep frozen until ready to enjoy. Once thawed use within 14 days”
- Removing line “Vegan, Paleo, Dairy Free, Gluten Free, Grain Free Options Available” as it causes some confusion the way it was written (some people just start reading Vegan, Paleo, Dairy Free and assume the package contains those items, not that it is an available option as the end of the sentence states)
- Updating the processor section of the label to reflect Production Batch numbers and realistic edibles information

Gourmet Chocolates
- Adding single and double serving sizes
- Updating product description and ingredients to include additional flavor combinations
- Updating the name from “Homemade Chocolates” to “Gourmet Chocolates” with flavor descriptions to be included underneath.
- Updating labeling to remove advice about edibles (informational sheets will be available to retailers for customer education)
- Updating packaging to allow chocolates to be wrapped in candy foil or to go directly into food grade mylar bags
- Updating care instructions to “Keep refrigerated.”
- Removing line “Vegan, Paleo, Dairy Free, Gluten Free, Grain Free Options Available” as it causes some confusion the way it was written (some people just start reading Vegan, Paleo, Dairy Free and assume the package contains those items, not that it is an available option as the end of the sentence states)
- Updating the processor section of the label to reflect Production Batch numbers and realistic edibles information

Alaskan Cannabis Nectar
- Adding various combinations of local honey, organic honey, or regular honey according to what retailers want and suppliers can provide
- Updating ingredients for the ability to add extracts for various flavor combinations
- Updating packaging to be done individually in 5mg packets instead of previously approved teaspoon/tablespoon serving sizes - and then into mylar bags for servings more than 1.
- Updating labeling to remove advice about edibles (informational sheets will be available to retailers for customer education)
- Removing line “Vegan, Paleo, Dairy Free, Gluten Free, Grain Free Options Available” as it causes some confusion the way it was written (some people just start reading Vegan, Paleo, Dairy Free and assume the package contains those items, not that it is an available option as the end of the sentence states)
- Updating the processor section of the label to reflect Production Batch numbers and realistic edibles information

Mocha Chocolate Chunk Cookies
- Adding single and double serving sizes
- Updating product description and ingredients to include coconut oil or butter
- Updating packaging material to mylar bags

Received by AMCO 10.1.18

- Updating labeling to remove advice about edibles (informational sheets will be available to retailers for customer education)
- Updating storage directions to “Keep frozen until ready to enjoy. Once thawed use within 3 days” for cookies.
- Removing line “Vegan, Paleo, Dairy Free, Gluten Free, Grain Free Options Available” as it causes some confusion the way it was written (some people just start reading Vegan, Paleo, Dairy Free and assume the package contains those items, not that it is an available option as the end of the sentence states)
- Updating the processor section of the label to reflect Production Batch numbers and realistic edibles information

Product Name:	Lady Gray's Tincture		
Product Type:	Marijuana Product		
Perishable: Yes/No	yes	**Shelf Life:** If perishable.	1 year

Product Description: Details must include the color, shape, and texture.	Liquid consistency, alcohol, coconut oil or vegetable glycerin based with various natural flavorings added for taste and smell. Color can range from greenish yellow to light brown. Good for sublingual use or added to drinks.
Ingredients: This box is not applicable to marijuana concentrates.	Various combinations of: Ethyl Alcohol, Vegetable glycerin, MCT coconut oil, decarboxylated cannabis, cinnamon extract, natural strawberry flavor, natural coffee flavor, natural raspberry flavor, lavender oil, natural mint flavor, orange extract, vanilla extract, agave nectar, honey, maple syrup or other comparables.
Standard Production Procedure and Detailed Manufacturing Process:	Ingredients will be mixed together and either put into the magical butter machine for the recommended time or left using the cold steep method for 2 weeks to 6 months. Once deemed ready, the mixture will be strained with a fine mesh bag to separate the solids from the liquid.
Depiction: Provide a photograph, drawing, or graphic representation of the expected appearance of the final product.	

Section 7 – Proposed Product Packaging and Sample Labels

Review the requirements under 3 AAC 306.520, 3 AAC 306.565, and 3 AAC 306.570.
Attach a completed copy of this page for each proposed marijuana concentrate or marijuana product.

Product Name:	Lady Gray's Tincture
Product Type:	Marijuana Product

Packaging Description: Details must include the color(s), size, packaging materials used, total amount of THC, individual serving sizes (if multiple), and other specifics showing compliance with 3 AAC 306.565. Please include photos, drawings, or graphic representations.	Tincture will be packaged in glass, resealable vials with a measured glass dropper. If deemed necessary, heat shrink will be applied. Various flavor descriptions will be included on the packaging to coordinate what what strain/batch is created such as Strawberry Tincture (vegetable glycerin base with natural strawberry flavor) Serving size will be clearly printed as to how many milliliters will equal approximately a 5mg serving, both on the label and on the bottle. For example: 2 ml (5mg THC) = 1 serving

Sample Labels: Provide sample labels showing how the labeling requirements set forth in 3 AAC 306.570 will be met.

Label below goes directly on to glass jar
