Re: Standard Marijuana Cultivation Facility License Application #11091

Dear Applicant,

AMCO staff has reviewed the online application and supplemental documents submitted for the proposed marijuana establishment license referenced above. The following items need to be corrected and/or resubmitted.

- MJ-01 Operating Plan
  - Page 13
    - The answer provided is inadequate, please expand upon your answer and describe how you will meet the requirement set forth in 3 AAC 306.740(d) which states that marijuana plant waste must be made unusable by *grinding* the marijuana plant waste before mixing it
- MJ-02 Premises Diagram
  - Please clearly delineate the outer boundaries of the proposed licensed premises by outlining in another color
    - When an AMCO investigator is looking at your diagram, it should be very clear what areas will be the "licensed premises" as defined in 3 AAC 306.990(23) and what areas will not be licensed premises.
  - Clearly label the restricted access areas on your diagram
  - Label any marijuana storage areas on your diagram
  - One of the diagrams lists the premises address as 2401, is that a typo?
- MJ-04 Cultivation Supplemental Operating Plan
  - This form was not notarized – please resubmit with a notarized signature page

Please note per 3 AAC 306.025(f) you must make these corrections and submit these items to complete your application not later than 90 days after the date of this notice. If you fail to complete your application during the 90 day period after this notice, you will be required to file a new application and pay a new application filing fee to obtain a marijuana establishment license.

Sincerely,

Sara Chambers, Interim Director
