Good morning Kelsey,

I have reviewed the corrections submitted, more items need to be addressed:

- I need the first page of MJ-00 corrected as requested on original incomplete letter to go with Sarinee's MJ-00.
- MJ-01 page 16. You did not describe where your logo/business name sign was going to be, but FYI logos/signs with the business name must be attached to the outside of the licensed premises only (no road signs or things like that).
- MJ-01 page 18 the corrected page needs to be notarized if you are submitting a new page rather than correcting the existing one.
- MJ-02, the aerial view diagram. What do the different shades, on the proposed premises, signify? Please note it on this diagram.
- MJ-02, restricted access and licensed premises diagram. Please call me, I am a little confused with the unshaded area by the "ramp" , that upside-down "T".
- MJ-07, if you are submitting a brand new MJ-07 rather than correcting the existing one, then you will need to notarize the new one.
- MJ-08, if you are submitting a brand new MJ-07 rather than correcting the existing one, then you will need to notarize the new one.
- MJ-09, I need a corrected first page of MJ-09 as requested on original incomplete letter to go with Sarinee's MJ-09.

Please have these corrections submitted as soon as possible. Application must be deemed complete by 3/17/17 in order to be considered for the April agenda.

Thank you
Jane
