I am objecting to the license. I own my private residence adjoining this property. We have had years of issues with John Emmi and his business next door. Illegal gravel pit, illegal garbage dump, ignoring the local government regarding rules and regulations. He is currently in litigation with the Mat-Su Borough and the court proceedings continue April 14th.

The Meadow Lakes Community Council has actively worked against B & E Gravel (John Emmi) with the Mat-Su Borough and are not in support of this grow operation.

Thank you,

Dawn Vogt
