Re: Standard Marijuana Cultivation Facility #11413

Dear applicant,

The AMCO Office is reviewing the documents submitted for the proposed marijuana establishment license referenced above. The following items need to be corrected and/or resubmitted. Please only submit the pages that need to be corrected, if the corrections relate only to certain block(s) of the page to be corrected, still submit the entire page with all the boxes answered, I replace the entire page.

- **MJ-01 Operating Plan**
  - Please re-review your MJ-01 for this application. It looks like you did a lot of copy and paste from the retail application, and some of the answers simply do not "fit" nor do they reflect a good understanding of the regulations. The following are examples, but you really need to re-read the regulations and re-do MJ-01 appropriately and clearly reflecting your understanding of the regulations in general and specifically for the license type being applied for.
    - Page 2-first box: talks about an employee checking ID's in the front public access area to assure that no persons enter the retail area…. This is a cultivation application, not retail.
    - Page 3: the sample employee identification is for a retail, not cultivation.
    - Page 4-second box: what do you mean by "your security alarm system dialer".
    - Page 5: throughout this entire page, to include the extension, you make references of marijuana product. This is a cultivation facility application so it should not be transporting marijuana products.
    - Page 10: a marijuana cultivation facility should not have marijuana products.
    - Page 12: a marijuana cultivation facility should not have marijuana products.
    - Page 15: a marijuana cultivation facility should not have marijuana products.

- **MJ-02 Premises Diagram**
  - Please provide an aerial view of the premises clearly showing the proposed premises and surrounding buildings.

- Please clearly show the following on the diagram you submitted:
  - Licensed premises
  - Within the licensed premises, show the restricted access areas.
  - Camera placements
  - Surveillance Room
  - Entrance(s)
  - Exit(s)

- **MJ-07 Public Notice Posting Affidavit**

  - Since Bartlett Management was removed from the ownership, you should have posted the updated public notice at the proposed premises and another conspicuous location. Please submit a new MJ-07 certifying that.

- **MJ-08 Local Government Notice Affidavit**

  - Since Bartlett Management was removed from the ownership, you should have re-notified the local government and community council. Please submit a new MJ-08 certifying that.

- **Publisher's Affidavit**

  - Please provide a Publisher's Affidavit for the marijuana cultivation facility. The ad itself is for correct, but the certification from the newspaper representative is for a retail marijuana store.

- **Proof of Possession for Proposed Premises**

  - You submitted two commercial lease agreements. Which lease supersedes which lease?. If one of these leases needs to be a sublease, then the sublease needs to be very clearly a sublease.
  - The proof of possession for the proposed premises, whether it is a lease or sublease, needs to be a legally binding documents, and it needs to include the following:
    - An acknowledgement from the lessor that the premises is for a marijuana establishment.
    - A disclosure by the lessor that the lessor will not take possession of marijuana and that AMCO Enforcement will be contacted.

If we do not receive your completions within 90 days, per 3 AAC 306.025(f), you must file a new application and pay a new fee.

Sincerely,

Jane Sawyer, Occupational Licensing Examiner, for

Sara Chambers, Interim Director
