Steven,

Thank you for taking my call. Please make the corrections we talked about over the phone to the premises diagram and the lease: outline the licensed premises on the diagram and have the landlord add the tenants to the lease on the first page.

I forwarded all MJ-18s to our enforcement section for their review. I do not know when they will get back to me on those and it depends on what the answer from enforcement is regarding your MJ-18s is how this application moves.

Thank you
