Good morning;

We have uploaded the corrections submitted.

The following is the corrections you still need to submit:

- **MJ-01 Operating Plan**
  - Page 3; do you have a sample copy of what the identification displayed by each licensee, employee, or agent will look like?

- **MJ-02 Premises Diagram**
  - Please provide sort of an aerial view diagram or drawing showing what surrounds your establishment, show cross streets, other business/buildings; in this diagram please clearly identify the proposed premises

  - On the diagram that was submitted with this application; please clearly outline what the licensed premises will be and what the restricted access areas will be (licensed premises and restricted access area(s) have slightly difference(s)).

  - The counters that you have in the display area; are these counters strictly for display? If you are stocking and/or dispensing marijuana in these counters they need to be designated restricted access area(s) and be blocked off from the public.

- **Proof of Possession for Proposed Premises**

  - Please provide proof of possession for the proposed premises for Great White Bear, LLC which is the company applying for this marijuana establishment license. The proof of possession for proposed premises you submitted is for a different company.

Please keep a copy of this email as we will not be sending out reminders for applicants to submit their corrections.

Thank you
