To Whom It Concerns:

I plead that Chena Cannibis (1725 Richardson Hwy, North Pole, AK 99705) **is not** granted license to do business.

This is my neighborhood, where I enjoy the quiet road to walk, bike, and run with my young daughter on a daily basis. This type of business next door would bring a certain crowd that would result in added risks in strolling the road on which we live.

I grew up on a farm, surrounded by more farmland. Later, before moving here, we lived across the street from the town library. I don't want my daughter now growing up next door to a place that sells marijuana and being exposed to drug use and to people who consider its use acceptable, encouraged, or harmless.

Please keep marijuana distribution locations in the city, and out of the safe quiet outskirts that we enjoy!

Thank you for hearing my objection.
