Good afternoon;

I have reviewed your corrections. Couple more things need to be addressed as discussed over the phone:

- MJ-02 Premises Diagram: please enclose with a different color what the licensed premises is going to be.

- MJ-01-Page 5-first box, including Appendix B: you are stating that "Any vehicle while transporting….shall travel directly from a licensed cultivation or manufacturing establishment….". marijuana retail stores are only allowed to transport to another marijuana retail store with the current regulations. Please correct this section, including its Appendix B.

- Commercial lease agreement: the tenant's signature, at the bottom of the lease, needs to incorporate the name of the company Denali Dispensaries, LLC.

Please submit complete and accurate documents by March 17 in order to be considered for the April agenda.

Thank you
Jane
