Re: Application for addition of Onsite Consumption Endorsement to Retail Marijuana Store License #10278

Dear applicant,

The AMCO Office has reviewed the documents submitted for the onsite consumption endorsement application for the license referenced above. This letter is notice under 3 AAC 306.025(e)(2) that your application is incomplete and additional items are needed to complete the application. The additional items that need correction or resubmittal are listed below—please be sure to read the entire letter. **Please note that if the corrections and/or additional documents submitted in response to this letter are not found to be complete, your application will be returned to you in accordance with 3 AAC 306.025(e)(1), and you will need to file a new application and pay a new fee should you wish to continue pursuing licensure.**

- **MJ-28b OCE Operating Plan Supplemental**
  - Page 2, Section 1.2:
    - Photographs of each of the sides of your building are required to show that the building meets the definition of freestanding per AS 18.35.301(i)(1).
  - Section 2.2:
    - Please revise your response to describe how you plan prevent unauthorized removal of marijuana or marijuana products from your consumption area (consumers included).
  - Page 3, Section 2.4:
    - You state that there is one door into the Consumption Area, but it appears that there are two per your MJ-14, one that leads back to the store and one that goes to the Customer Circulation area. Is this accurate?
  - Page 4, Section 3.2:
    - A ventilation plan that is **signed and approved** by a licensed mechanical engineer was not provided.
  - Page 5, Section 6.2:
    - Expand on your response to describe what methods or procedures staff will be trained in to prevent consumers from bringing marijuana or product not intended for consumption into the consumption area.
  - Section 7.1:

        - Copies of written materials that will be provided to patrons in the consumption area regarding marijuana dosage and safety information were not submitted with your application.
    - Section 6.7:
        - Please expand on your description of the employee monitoring area.
    - Wherever applicable, can you describe what the "Customer Circulation" area depicted on your MJ-14 is for?
- **MJ-14 Licensed Premises Diagram Change**
    - Diagram 1:
        - Please include a label specifying that this diagram is for License #10278.
        - Using a color other than red, please outline and label the restricted access areas of your licensed premises (just writing the words "Restricted Access" don't make it clear where the restricted areas begin and end). Under 3 AAC 306.025, the area where marijuana and products are stocked and dispense for sale are restricted access areas, but the sales floor that customers can access should not be.
    - Diagram 2:
        - Revisions to the layout of the Manufacturing license (#14874) were made in that application. Please also update the diagram with this application for consistency.

It is very important that you submit the above corrections and/or documents in a timely manner so that AMCO staff has adequate time to review the corrections and/or additional documents which must be found to be complete within 90 days of the date of this letter.

Respectfully,

TJ Zielinski, Occupational Licensing Examiner

---

Good afternoon,

I have reviewed your application for an Onsite Consumption Endorsement, but at this time your application is considered incomplete. See the attached notice regarding corrections, additional documents, and/or resubmittals that need to be addressed in your application.

Please make sure to read the entire notice. If the submitted corrections for your application are inadequate to deem your application complete, or your application is still incomplete after ninety (90) days from the date of this notice, your application will be returned to you in accordance with 3 AAC 306.025(e)(1) and 3 AAC 306.025(f). Should you wish to continue pursuing licensure, it would be necessary to file a new application and pay new fees.

Ninety-day Due Date: 1/29/2020

Let us know if you require copies of any submitted documents, and feel free to call or email if you need clarification on any items in the Incomplete Notice. Correspondence should be sent to marijuana.licensing@alaska.gov.

Sincerely,

TJ Zielinski

Good morning,

I have received and reviewed the attached documents, and nearly all of the necessary corrections have been made on this application. The only outstanding item at this time appears to be a signed and approved ventilation plan. I believe that this attached diagram is the plan, but can you point out where it is signed and approved?

Sincerely,

TJ Zielinski
