Re: Retail Marijuana Store, License #19898

Dear applicant,

The AMCO Office has reviewed the documents submitted for the proposed marijuana establishment license referenced above. This letter is notice under 3 AAC 306.025(e)(2) that your application is incomplete and additional items are needed to complete the application. The additional items that need correction or resubmittal are listed below—please be sure to read the entire letter. **Please note that if the corrections and/or additional documents submitted in response to this letter are not found to be complete, your application will be returned to you in accordance with 3 AAC 306.025(e)(1), and you will need to file a new application and pay a new fee should you wish to continue pursuing licensure.**

- **MJ-02 Premises Diagram**
  - Diagram #1:
    - In the key/legend, please correct where it says, "Retail", to say, Retail Licensed Premises.
    - The red colors used for the Retail Licensed Premises and the Restricted Access Area are too similar. Please use a different color other than red for one of these items. For example, please change the Restricted Access Area to a different color other than red and reflect this in the key/legend and on the diagram.
    - I see that you labeled the 5' Glass Display Cabts, which I am assuming is the counter, but please also use the word, counter.
  - Diagram #2:
    - I see that you are using black to represent two different items (Walls & Partitions and Ingress outline) and red to represent two different items (Licensee legal right possession and Doors- exterior – interior); this is confusing. Please use different colors to represent different items. Basically, in order to avoid confusion, please change one of the black items and one of the red items to a different color that is not already used on this diagram.

- **MJ-08 Local Government Notice Affidavit**
  - There was no MJ-08 submitted with this application. Please submit the MJ-08 Local Government Notice Affidavit.

It is very important that you submit the above corrections and/or documents in a timely manner so that AMCO staff has adequate time to review the corrections and/or additional documents which must be found to be complete within 90 days of the date of this letter.

Respectfully,

Good afternoon,

I have reviewed your corrections, and there are further corrections needed:

- **MJ-08 Local Government Notice Affidavit**
  - Because the local government notice must be given within the 90 days preceding the submittal of all application requirements (3 AAC 306.025(c)), please re-notify the local government by submitting to them the Public Notice, and then submit a new MJ-08 completed and signed in front of a notary.

- **MJ-02 Premises Diagram**
  - Diagram #2: My apologies for not requesting this in the first Incomplete Letter, but since the licensed premises should be shown on all diagrams, please show the licensed premises in the diagram and the legend/key with a different color that is not already used.
    - You can either lightly shade the area or outline the perimeter, whichever is easiest for you.
    - Make sure to exclude the covered porch to be consistent with Diagram #1.

Thank you,
