> - You did not submit a corrected page 13 of MJ-01 as requested on the original letter. Please make sure you read the regulations, simply stating that you will comply with x, y, and z regulations is an inadequate answer.
>
> - The corrections to pages 4 and 5 of MJ-04 that were requested on the original letter are still inadequate. You really, really need to read the regulations and provide answers that clearly reflect your understanding of the regulations pertaining to the questions being asked. Simply stating that you will comply with regulations is inadequate. **Also, please do not send new pages that contain empty boxes, we replace the pages with the new ones altogether.**
>
> - On the proof of possession to the premises I totally missed to tell you that what we need is a lease to The Green Pear, LLC because this is the entity applying for the marijuana establishment license. You own the property, so we need a lease from you the owner or owner(s), to The Green Pearl, LLC. Please provide a legally binding lease, not just a two sentence lease. The lease must include acknowledgement from landlord that the premises is for a marijuana establishment. Remember, the lease is to The Green Pearl, LLC which is the entity applying for the license. Consult an attorney if you need help on writing the lease.

- The operating agreement for The Green Pearl, LLC is inadequate. Consult an attorney if you need help on writing one.

Please call me if you have questions.

Thank you
