Alaska Marijuana Control Board

Form MJ-15: Operating Plan Change

What is this form?

This operating plan change form is required for all marijuana establishment licensees seeking to change a licensed marijuana establishment's existing operating plan, as required by 3 AAC 306.100. With this form, a licensee may request changes to as much or as little as desired of Form MJ-01 and/or the corresponding operating plan supplemental for the establishment's license type. **The required $250 change fee may be made by check, cashier's check, or money order.**

Please complete and submit with this form the pages of Form MJ-01 and/or the corresponding operating plan supplemental that contain sections that you are requesting to change. **All fields must be completed of any page for which you are requesting changes** – upon board approval, the submitted pages will replace those currently on file. If your current, approved operating plan is on the original version of the forms, you may be required to complete and submit the new operating plan forms in their entirety.

The form(s) that I am requesting board approval to change is:

- ☐ **Form MJ-01:** Marijuana Establishment Operating Plan
- ☐ **Form MJ-03:** Retail Marijuana Store Operating Plan Supplemental
- ☐ **Form MJ-04:** Marijuana Cultivation Facility Operating Plan Supplemental
- ☑ **Form MJ-05:** Marijuana Product Manufacturing Facility Operating Plan Supplemental
- ☐ **Form MJ-06:** Marijuana Testing Facility Operating Plan Supplemental

This form must be completed and submitted to AMCO's main office prior to changing existing operations. The licensed establishment's operations may not be altered unless and until the director has given temporary approval or the Marijuana Control Board (MCB) has given final approval of the changes. Please note that licensees seeking to change operating plans for multiple licenses must submit a separate completed copy of this form for each license.

Section 1 – Establishment Information

Enter information for the business seeking to be licensed, as identified on the license application.

Licensee:	Axion Enterprises, LLC	**MJ License #:**	12769		
License Type:	Marijuana Product Manufacturing Facility				
Doing Business As:	Secret Garden Cannabis				
Premises Address:	726 E. 15th Ave, Suite 2				
City:	Anchorage	**State:**	Alaska	**ZIP:**	99501

Received 2/13/2020

Alaska Marijuana Control Board

Form MJ-15: Operating Plan Change

Section 2 – Summary of Changes

Provide a summary of the changes for which you are requesting approval.

Secret Garden Cannabis would like to add the option to produce round with or without holes in the centers and oval gummy shapes and add additional colors/flavors to the Garden Gummies.
Secret Garden Cannabis would also like to add 5 pound container option to Green Acres Oil for in house use/wholesale and blister packs for retail sales and Blister packs for Green Acres Vape Cartridges.

See attached product pages for proposed changes.

Section 3 – Declarations

Read each statement below, and then sign your initials in the corresponding box to the right: Initials

The proposed changes conform to all applicable public health, fire, and safety laws. JT

I understand that any temporary approval granted by the director is pending a final decision by the MCB; therefore, any investment I make, based upon temporary approval, is at my own risk. JT

As a marijuana establishment licensee, I declare under penalty of unsworn falsification that this form, including all accompanying schedules and statements, is true, correct, and complete.

Section 6 – Proposed Marijuana Concentrates and Marijuana Products

Review the requirements under 3 AAC 306.520, 3 AAC 306.525, and 3 AAC 306.560.

Attach a completed copy of this page for each proposed marijuana concentrate or marijuana product.

Product Name:	Garden Gummies		
Product Type: Choose one.	Other Marijuana Product		
Perishable: Yes/No	Yes	**Shelf Life:** If perishable.	1 Year (Frozen)
Intended Use: Smokable/ edible/topical/wholesale/etc.	Edible		

Product Description: Details must include the color, shape, and texture.	Garden Gummies will range in muted colors (see color variations in ingredients list). They will be oval or round shaped (depending on mold used), with or without a hole in the middle, with a rough sugary exterior and gummy center.
Ingredients:	CO2 concentrate (C02 concentrate will consist of either; crumble, shatter, rosin, kief, green acres oil), flavored gelatin (Strawberry/pink, Lemon/yellow, Orange/orange, lime/green, Blueberry/blue, Cherry and red raspberry/Red), Agar Powder (vegan), unflavored gelatin, sugar, citric acid, essential oil, sorbitol powder, glucose syrup, tartaric acid, cornstarch, fractionated coconut oil, carnauba wax, beeswax coating, artificial colors (Flavor Depending). Actual C02 concentrate used in production will be clearly indicated on the final product label.
Standard Production Procedure and Detailed Manufacturing Process:	Heat Gelatin or agar powder (vegan) and other ingredients with water in a saucepan over medium to low heat for 10-15 minutes stirring occasionally and slowly to avoid burning. After heat, pour mixture into molds and chill for 15-20 minutes.
Depiction: Provide a photograph, drawing, or graphic representation of the expected appearance of the final product.	*colors are for illustration purposes only, actual product color will be muted

Section 7 – Proposed Product Packaging and Sample Labels

Review the requirements under 3 AAC 306.520, 3 AAC 306.565, and 3 AAC 306.570.
Attach a completed copy of this page for each proposed marijuana concentrate or marijuana product.

Product Name:	Garden Gummies
Product Type:	Other Marijuana Product

Packaging Description: Details must include the color(s), size, packaging materials used, total amount of THC, individual serving sizes (if multiple), and other specifics showing compliance with 3 AAC 306.565. Please include photos, drawings, or graphic representations.	Garden Gummies will be packaged in child resistant, food grade, opaque pop tops or mylar bags with a clear display window. If mylar bag is used as packaging, Gummies will be placed in an opaque container prior to customer leaving the store. One gummy equals one serving and 5 mg of THC. Each pop top or mylar bag will contain either 5 or 10 individual servings totaling either 25 mg of THC per package or 50 mg of THC per package.
Sample Labels: Provide sample labels showing how the labeling requirements set forth in 3 AAC 306.570 will be met.	GARDEN GUMMIES: Please see below for sample label. Note: these labels will wrap around the pop tops or on the CR Mylar bag. Total amount of THC will be indicated on label based upon total servings per package. Example below reflects label for a total per package of 25 mg.

Section 6 – Proposed Marijuana Concentrates and Marijuana Products

Review the requirements under 3 AAC 306.520, 3 AAC 306.525, and 3 AAC 306.560.

Attach a completed copy of this page for each proposed marijuana concentrate or marijuana product.

Product Name:	Green Acres Oil		
Product Type: Choose one.	Marijuana Concentrate		
Perishable: Yes/No	No	**Shelf Life:** If perishable.	
Intended Use: Smokable/ edible/topical/wholesale/etc.	Smokable		

Product Description: Details must include the color, shape, and texture.	Green Acres Oil is a liquid that is clear with a yellow tint and will be available in multiple strains and terpene combinations.
Ingredients:	N/A
Standard Production Procedure and Detailed Manufacturing Process:	Ground marijuana material is decarboxylated in an electric oven. The material is then extracted using the C02 extractor with specific parameters for oil product. The resulting extract is then further refined using ethanol extraction and then fractional distillation. The plant material wax, and other inert materials are disposed of according to 3 AAC 306.740 and the final extract is packaged and stored in a freezer.
Depiction: Provide a photograph, drawing, or graphic representation of the expected appearance of the final product.	

Section 7 – Proposed Product Packaging and Sample Labels

Review the requirements under 3 AAC 306.520, 3 AAC 306.565, and 3 AAC 306.570.
Attach a completed copy of this page for each proposed marijuana concentrate or marijuana product.

Product Name:	Green Acres Oil
Product Type:	Marijuana Concentrate

Packaging Description: Details must include the color(s), size, packaging materials used, total amount of THC, individual serving sizes (if multiple), and other specifics showing compliance with 3 AAC 306.565. Please include photos, drawings, or graphic representations.	Green Acres Oil will be packaged in airtight jars no larger than five (5) pounds to be sold in-house and wholesale. Green Acres oil will also be packaged in .5 gram or 1 gram syringes and then placed in a resealable 2.75" x 6" mylar bag with a clear plastic display window or a Child resistant Blister Package for retail sales. Green Acres Oil will be placed in an Opaque exit container prior to customer leaving the store. Sample Labels: Provide sample labels showing how the labeling requirements set forth in 3 AAC 306.570 will be met.	See attachment for larger image of sample label.

Section 4 – Proposed Marijuana Concentrates and Marijuana Products

Review the requirements under 3 AAC 306.520 - 3 AAC 306.525 and 3 AAC 306.560, and identify how the proposed establishment will meet the listed requirements. **Attach a completed copy of this page for each proposed marijuana concentrate or marijuana product.**

Product Name:	Green Acres Vape Pen
Type:	Marijuana CO2 Concentrate Vape Pen

Product Description: Details must include the color, shape, and texture.	Green Acres Vape Pen is a liquid that is clear with a yellow tint and will be available in multiple strains and terpene combinations. Intended as an inhalant.

Ingredients: This box is not applicable to marijuana concentrates	N/A

Standard Production Procedure and Detailed Manufacturing Process:	An empty vape pen cartridge is placed on a holding rack. High purity cannabinoid Green Acres oil is then measured using a pipette and deposited into the cartridge. Vape pen cartridges packaged for retail will hold one quarter ml (1/4ml), one half ml (1/2ml), and one ml (1 ml) of high purity oil. Multi-channel pipettes can be used in order to fill multiple cartridges at once. The cartridge is then sealed and stored in a refrigerator. Once ready for retail sale, cartridge will be assembled on a vape pen that is battery operated and sold as one complete unit.

Depiction: Provide a photograph, drawing, or graphic representation of the expected appearance of the final product.
