I rolled it back to new. You will need to re-do the newspaper ad for one week, and re post, and re notify the local government. All your applications should also include the updated address.

Thank you

Yes , please roll it back to new so that we can correct this.

When the system makes us "new" again and creates an updated public notice and advertising notice,than will we have to redo them also(for posting and newspap er ad)?

Will the license number issued from AMCO stay the same?

Thank you Dwain Dunning

What we need to do is roll the application back to "new" status so that you can make those changes and so that the system creates an updated public notice and advertising notice.

Please confirm you have read this email and we will roll it back to new.

Thanks

This is a question about an application that we have already initiated with the board.

We are DKW Farms LLC with license # 11234

The city of Valdez has just changed our physical address for the location of the proposed premises since we started the process.
Our application to cover everything on this property was at 4271 Richardson Hwy (GPS reading, building permits, fire marshal approval, plat maps, public notice posting)a nd now will be going to 4269 Richardson Hwy.
They have issued a new plat map to include this address

We do not see any way to update the physical address without reapplying, we are not relocating just being reassigned a different address

We would like to correct this in the early stages of filling the forms so that everything is updated and correct ,any info would be greatly helpful

Thank you in this matter
