Subject:

My name is Kenneth Scollan I currently have a license under review for an outdoor cultivation license. I'm concerned I will not make the April agenda meeting and I'm asking the board if they will hold another meeting April or early May. Since our proposed cultivation facility is an outdoor grow it is imperative that we have the possibility of being approved by your board this spring or we will miss this entire year. I have already purchased property and invested substantial capital into this project, which I understand is at my own peril, but it is all at risk if I cannot be on an agenda meeting this spring.

Sincerely,

Kenneth Scollan
