Section 6 – Proposed Marijuana Concentrates and Marijuana Products

Review the requirements under 3 AAC 306.520, 3 AAC 306.525, and 3 AAC 306.560.

Attach a completed copy of this page for each proposed marijuana concentrate or marijuana product.

Product Name:	Live Diamonds (HCE)		
Product Type: Choose one.	Marijuana Concentrate		
Perishable: Yes/No	No	**Shelf Life:** If perishable.	
Intended Use: Smokable/ edible/topical/wholesale/etc.	Smokeable		

Product Description: Details must include the color, shape, and texture.	Live diamonds range in color from clear, cloudy white, to light gold, and even slightly amber. They come in all sorts of irregular shapes, and have the texture of course rock salt. Diamonds range in size from small grains of salt, to several gram chunks.
Ingredients:	
Standard Production Procedure and Detailed Manufacturing Process:	Live marijuana flower/plants are cleared of any fan leaves and are flash frozen before being ran through a hydrocarbon closed loop extractor. Solvent is first ran and recovered, and the concentrate solution is transferred to a sealed jar or dish and loaded into either a vacuum oven or pressure vessel, until cannabinoids and terpenes are clearly separated. Terpene extract is then poured off into a separate jar. Diamonds are collected and either washed with a second solvent wash, or purged as is, with small amounts of terpenes, in a vacuum oven of any residual solvents.
Depiction: Provide a photograph, drawing, or graphic representation of the expected appearance of the final product.	

Section 7 – Proposed Product Packaging and Sample Labels

Review the requirements under 3 AAC 306.520, 3 AAC 306.565, and 3 AAC 306.570.

Attach a completed copy of this page for each proposed marijuana concentrate or marijuana product.

Product Name:	Live Diamonds (HCE)
Product Type:	Marijuana Concentrate

Packaging Description: Details must include the color(s), size, packaging materials used, total amount of THC, individual serving sizes (if multiple), and other specifics showing compliance with 3 AAC 306.565. Please include photos, drawings, or graphic representations.	Packaging material: (5ml jar boxes) rigid/cardboard stock, square, top folding box, with foam or paper insert. Colors are black, white, or grey, with altered state logo printed on box. Dimensions are 1.75" length 1.75" width 1.5" tall. (25ml jar box) rigid/cardboard stock, square, top folding box, with foam or paper insert. Colors are black, white, or grey, with altered state logo printed on box. Dimensions are 2" length 2" width 1.75" tall (Optional boxes) rigid/cardboard stock, square, magnetic lid box, with foam or paper insert. Colors are black, white, or grey, with altered state logo printed on box. Dimensions are 1.75" length 1.75" width 1.5" tall Rigid/cardboard stock, square, magnetic lid box, with foam or paper insert. Colors are black, white, or grey, with altered state logo printed on box. Dimensions are 2" length 2" width 1.75" tall Rigid/paper stock, round tube container. Colors are black, white, or grey, with altered state logo printed on tube. Dimensions are 2" wide by 2" tall Concentrate containers: glass jars with flat or gloss black or white lids. Package sizes: .5, 1, 2, 3.5, 5 and 7 grams. Total amount of THC: 1%-99.99% See page For packaging samples.

Sample Labels:
Provide sample labels showing how the labeling requirements set forth in 3 AAC 306.570 will be met.
