Local Option means: a choice available to a local administration or government to accept or reject state wide or national legislation.

This means that although the state of Alaska has approved Medical and Recreational marijuana, local goverments have the option to create additional rules and/or restrictions.

A local government may not prohibit the personal use and possession of marijuana and marijuana products as authorized under AS 17.38.020.

Time Remaining: 4 seconds

If a majority of the persons voting to remove a local option previously adopted and currently in effect, or if a local government's assembly or city council passes an ordinance to the same effect, that local option is repealed effective the first day of the month after the election is certified.

When issuing a license within the boundaries of a local government that has removed a local option, the board will give priority to any formerly licensed applicant whose license was not renewed because of the results of the previous local option election. However, an applicant described in this subsection does not have a legal right to a license and the board is not required to approve the application.

Prohibition of importation or purchase after election

Time Remaining: 4 seconds

If a majority of the voters vote to prohibit the importation for sale of marijuana and any marijuana product, or if the local government's assembly or city council passes an ordinance to the same effect, a person, beginning on the first day of the month after the results of the election are certified, may not knowingly bring, send, or transport marijuana or marijuana products for sale into the area within the boundary of the local government.

A person who resides within the boundary of a local government that has adopted a local option may not purchase marijuana or a marijuana product from another person that has brought, sent, or transported marijuana or a marijuana product into the local government for sale in violation of the local option.

Notwithstanding the above, a licensed marijuana establishment may transport marijuana or any marijuana product through the boundaries of a local government that has prohibited importation or purchase of marijuana if the marijuana or marijuana product is shipped with an attached transport manifest created in compliance with 3 AAC 306.750 and documenting that the shipment originates and terminates in a place that does not prohibit importation and purchase of marijuana or a marijuana product.

A licensed retail marijuana store is authorized to:

- sell marijuana purchased from a licensed marijuana cultivation facility, properly packaged and labeled and in an amount not exceeding the limit amounts below, to an individual on the licensed premises for consumption off the licensed premises
- sell a marijuana product purchased from a licensed marijuana product manufacturing facility, properly packaged and labeled, in a quantity not exceeding the limit amounts below, to an individual on the licensed premises for consumption off the licensed premises
- properly store marijuana and marijuana products on the licensed premises
- with prior approval of the board, permit consumption of marijuana or a marijuana product purchased on the licensed premises, in a designated area on the licensed premises

This section does not prohibit a licensed retail marijuana store from refusing to sell marijuana or a marijuana product to a consumer.

* A retail marijuana store may not sell in a single transaction:

- more than one ounce of usable marijuana
- more than seven grams of marijuana concentrate for inhalation
- marijuana or marijuana products if the total amount of marijuana, marijuana products, or both marijuana and marijuana products sold contains more than 5,600 milligrams of THC.

Marijuana inventory tracking system

Time Remaining: 3 seconds

A retail marijuana store shall use a marijuana inventory tracking system, as explained below, to ensure all marijuana and marijuana product in the retail marijuana store's possession is identified and tracked from the time the retail marijuana store receives any batch of marijuana or lot of marijuana product through the sale, transfer to another licensed marijuana establishment, or disposal of the batch of marijuana or lot of marijuana product.

When marijuana from a marijuana cultivation facility or marijuana product from a marijuana product manufacturing facility is delivered or transported to the licensed premises of a retail marijuana store, the retail marijuana store shall immediately enter identification information for that batch of marijuana or lot of marijuana product into the retail marijuana store's marijuana inventory tracking system.

A retail marijuana store may not accept marijuana or a marijuana product that does not have a valid transport manifest generated from the marijuana inventory tracking system of the marijuana establishment that originated the delivery.

A retail marijuana store shall reconcile each transaction from the retail marijuana store's point-of-sale system and current inventory to its marijuana inventory tracking system at the close of business each day.

A retail marijuana store shall account for any variance in the quantity of marijuana or marijuana product the retail marijuana store received and the quantity it sold, transferred, or disposed of.

Marijuana inventory tracking system

A marijuana establishment shall use a marijuana inventory tracking system capable of sharing information with the system the board implements to ensure all marijuana cultivated and sold in the state, and each marijuana product processed and sold in the state, is identified and tracked from the time the marijuana is propagated from seed or cutting, through transfer to another licensed marijuana establishment, or use in manufacturing a marijuana product, to a completed sale of marijuana or a marijuana product, or disposal of the harvest batch of marijuana or production lot of marijuana product.

Marijuana delivered to a marijuana establishment must be weighed on a scale registered in compliance with 3 AAC 306.745 (see below).

Standardized scales

A marijuana establishment shall use registered scales *in compliance with AS 45.75.080 (Weights and Measures Act)*. A marijuana establishment shall maintain registration and inspection reports of scales registered *under AS 45.75.080 and 17 AAC 90.920 - 17 AAC 90.935*; and upon request by the board or the director, provide a copy of the registration and inspection reports of the registered scales to the board or the director for review.

Packaging and labeling

Time Remaining: 4 seconds

A retail marijuana store shall assure that:

- marijuana sold on its licensed premises is packaged and labeled properly
- any marijuana product sold on its licensed premises is packaged and labeled properly; and
- marijuana or a marijuana product sold is packaged in opaque, resealable, child-resistant packaging when the purchaser leaves the retail section of the licensed premises; the packaging must be designed or constructed to be significantly difficult for children under five years of age to open, but not normally difficult for adults to use properly.

In addition to labeling requirements provided above, a retail marijuana store shall affix a label to each package of marijuana or marijuana product that:

- identifies the retail marijuana store selling the marijuana product by name or distinctive logo and marijuana establishment license number;
- states the total estimated amount of THC in the labeled product; and
- contains each of the following statements below:

"Marijuana has intoxicating effects and may be habit forming and addictive."

"Marijuana impairs concentration, coordination, and judgment. Do not operate a vehicle or machinery under its influence."

"There are health risks associated with consumption of marijuana."

"For use only by adults twenty-one and older. Keep out of the reach of children."

"Marijuana should not be used by women who are pregnant or breast feeding."
