Date: Tuesday, April 11, 2017 3:33:00 PM

Jack, I reviewed your corrections. The following needs to be re-addressed and/or you keep submitting incomplete/inaccurate corrections. A couple of these items can be corrected by simply printing out the standard coversheet from your MyAlaska, as I mentioned to you over the phone, and using is as your guide. The standard coversheet reflects the information you entered in the online system in your MyAlaska when you initiated the application.

- Page 1 of MJ-01: the licensee name is incomplete and you do have a DBA. Please use the standard coversheet as your guide.
- Page 12 of MJ-01: look at your most recent page 12 (the corrected one), you state "Should storage be necessary…" storage of marijuana waste, before rendering it unusable, is necessary because you will need to store it during the three-day "waiting period". So, storage is required, please correct accordingly.
- MJ-07 still incomplete. Please use the standard coversheet as your guide. You need to correct licensee and DBA.
- MJ-09 still incomplete. Please use the standard coversheet as your guide. You do have a DBA.

Thank you,

-Jane

I saw them, Jack. Thanks. I will let you know if I need anything else from you once I review your corrections.

Jane

Morning Jane
I sent you 2 emails on Saturday
The first one I forgot to include the cover sheet
The second includes the cover sheet
Hope this helps

> I reviewed your corrections. There is still work to do. I cannot guarantee you or any applicant that his/her application will be in front of the board in May. What I can say is that multiple reviews of the same matters that need to be corrected or incomplete corrections do delay my response time to you or any applicant.

The following are corrections that still need to be completed:

- **MJ-01 Operating Plan (this was not submitted for re-review)**

  - Page 1-section 1: the context of "Licensee" in this section is the LLC's name. The DBA is also incomplete. Please correct.
  - Page 5, first box: what do you mean when you say "products" in the very first sentence in this box? Cultivation facilities are not allowed to manufacture products. Please correct.
  - Page 6: you checked "No" to the video surveillance and camera to "Each point of sale area". Why did you check "No"? it is a requirement.
  - Page 10, the box: your answer here is inadequate. You need to describe the marijuana tracking system that you plan to use and how you will ensure that it is capable of sharing information with the system the board implements. We implemented Metrc, it has been for over a year.
  - Page 12, first box: your answer here is inadequate. Please re-review 3 AAC 306.740 provide and answer that clearly reflects your understanding of the regulations.
  - Page 13: your answer here is inadequate. Please re-review 3 AAC 306.740 provide and answer that clearly reflects your understanding of the regulations.
  - Page 15-first box: please expand upon your answer and describe how you will be securing the marijuana for shipment.

- **MJ-09 Statement of Financial Interest (an MJ-09 was submitted, but did not have the corrections outlined).**

  - Page 1-section 1: context of "Licensee" in this section is the LLC's name. Please correct.

- **MJ-07 Public Notice Posting Affidavit (the MJ-07 submitted did not have the corrections highlighted).**

  - Page 1-section 1: Licensee and DBA name are incomplete. Please complete. And, is the address Wasilla or Palmer?. Please correct. .

- **MJ-02 Premises Diagram (this still incomplete)**

  - The dimensions that you show on the corrected diagram are inconsistent with what you state on page 2 of your MJ-04. Please correct accordingly.
  - The diagram shows "under cultivation dimensions" that do not comply with the regulation, 3 AAC 306.400 (a) (2), for a limited cultivation facility which states: …a limited marijuana cultivation facility license to

a person operating a marijuana cultivation facility **with fewer than 500** square feet under cultivation.

- If you submit a new diagram it must show everything requested on the original incomplete letter.

Thank you

Jane,
Attached is an aerial view of the facilities location (from google earth) as well as a survey.
Do you think we'll make it onto the May agenda?
