Tina,

I have reviewed corrections submitted. Further corrections.

- To avoid any confusion, please remove the unit number from POPPP and suite numbers from the diagrams. Now, the new application for the cultivation side will need to include a unit number since it will be a different entity.
- MJ-05:
  Product-Alcohol/Vegetable Glycerin Tincture-label-please include the number and size of individual servings.
  Product-Fruit lemonade-on page 5 please complete the name of the product. On the packaging description, please describe what constitutes a serving (how many ounces is a serving).
  Product-Hot Cocoa Powder- please describe what constitutes a serving.

The deadline for the May 15, 2017 meeting is this Friday, April 28th.

Thank you
Jane

Jane – I'm not sure if that last email went through. I tried to compress and zip the files and I'm not sure it worked correctly. Hopefully this one does!

Thanks,
