MEMORANDUM

TO:	Chair Mlynarik and Members of the Board	DATE:	July 12, 2017
FROM:	Erika McConnell, Director	RE:	Isidore #10248 Standard Cultivation Facility MJ-15 Operating Plan Changes

Isidore, a licensed cultivation facility in Anchorage, is requesting to change their operating plan.

On the MJ-15, I would draw the board's attention to the first response on page 7 of the new MJ-01, which seems to no longer adequately respond to the direction, specifically with regards to the description of cameras inside the facility.

In general the changes reflect a reduction in detail and specifically remove certain records and logs, such as the security log (MJ-01 page 5, page 6, and page 7), the records and logs mentioned in the approved MJ-01 operating plan on page 9, the waste disposal log (MJ-01 page 12), and the transport manifest log (MJ-01 page 15).
