Subject: written testimony In opposition to license application 13249

Alaska Marijuana Board
PUBLIC Written TESTIMONY
In opposition to license application 13249

For the record my Name is James Squyres. I am an Article 1, Section 2 Alaskan. Article 1, Section 2 states, "all political power is inherent in the people. All government originates with the people, is founded upon their will only, and is instituted solely for the good of the people as a whole." It is clear that the people are opposed to an extraction lab in close proximity to the school in Talkeetna. It is my understanding that multiple petitions by Article 1, section 2 Alaskans have been completed under Article 1, Section 6 in opposition to this lab. I am concerned that this board may go against the body of Alaskans closest to the issue. You folks have taken an oath to uphold and defend the constitution as a function of your position. This is a no-brainer so do not allow x-tracted lab to operate so close to a school against the will of the people. That concludes my testimony.
