Dear Mr. Bailey:

I am writing on behalf of my client, Alaska Horticultural Arts, in response to the incomplete letter received from AMCO.

The MJ-02 that was originally submitted did highlight the restricted access area, but the coloring was very light and it is difficult to see when the document is reproduced. Accordingly, we revised the premises diagram to more clearly delineate the restricted access area. A copy is attached.

The company's Initial Report was filed with CPBL this morning. A copy is attached.

Finally, Mr. Smith spoke with the PFD office this morning and resolved the discrepancy about his 2017 PFD application. If that is not the case, please let us know and we will submit the MJ-18. However, based on this conversation with the PFD office, that does not seem necessary.

We believe these actions should resolve the incomplete items identified in your letter. Please let me know if you have any questions or require any additional information.

Thank you,

Jason Brandeis
