Alaska Marijuana Control Board

Operating Plan Supplemental
Form MJ-04: Marijuana Cultivation Facility

What is this form?

This operating plan supplemental form is required for all applicants seeking a marijuana cultivation facility license and must accompany the **Marijuana Establishment Operating Plan (Form MJ-01)**, per 3 AAC 306.020(b)(11). Applicants should review **Chapter 306: Article 4** of the **Alaska Administrative Code.** This form will be used to document how an applicant intends to meet the requirements of those regulations. If your business has a formal operating plan, you may include a copy of that operating plan with your application, but all fields of this form must still be completed per 3 AAC 306.020 and 3 AAC 306.420(2).

What additional information is required for cultivation facilities?

Applicants must identify how the proposed establishment will comply with applicable regulations regarding the following:

- Prohibitions
- Cultivation plan
- Odor control
- Testing procedure and protocols
- Security

This form must be submitted to AMCO's main office before any marijuana cultivation facility license application will be considered complete.

Section 1 – Establishment Information

Enter information for the business seeking to be licensed, as identified on the license application.

Form MJ-04: Marijuana Cultivation Facility

Describe the marijuana cultivation facility's waste disposal arrangements:

All liquid waste will be diluted out and then be used on the property for landscape plants and law n. Plant material will be put into on site compost bins or pile, mixed with other organic waste an d lawn clippings and eaten by worms.

All plant waste, including roots, stalks and leaves from cultivation facility, will be placed in sealed plastic containers and stored in the work room. Work room is a restriced access area under continous video survailance. 3 days before rendering plant waste unusable, AMCO will be notified, in writing via email of how much plant material will be disposed. Once disposal of solid waste is approved, it will be ground and mixed with 50% or more compostable materials (grass clippings, food waste, leaves, newspaper etc) and added to a vermiculture/composting process that will ensure the complete breakdown of material into organic waste.

Section 4 – Odor Control

Review the requirements under 3 AAC 306.430, and identify how the proposed premises will meet the listed requirement.

Describe the odor control method(s) to be used and how the marijuana cultivation facility will ensure that any marijuana at the facility does not emit an odor that is detectable by the public from outside the facility:

Odor control will be done with charcoal filter attached to fans to scrub air 24 hours a day in eac h one of the rooms.

Section 5 – Testing Procedure and Protocols

Review the requirements under 3 AAC 306.455 and 3 AAC 306.465, and identify how the proposed premises will meet the listed requirements.

Applicants should be able to answer "Agree" to the item below.

I understand and agree that:	Agree	Disagree
The board will or the director shall from time to time require the marijuana cultivation facility to provide samples of the growing medium, soil amendments, fertilizers, crop production aids, pesticides, or water for random compliance checks	☑	☐

Describe the testing procedure and protocols the marijuana cultivation facility will follow:

Testing will be done in accordance with the state regulation. each strain will be processed and packaged individually. They will be stored in containers clearly marked with stain information, date harvested and trimmed, growing medium and nutrients used. Containers will be stored in a locked, secure temperature and humidity controlled room on premise. Samples will be taken at random from each strain and batch for testing purposes. A signed statement from the owner will be completed showing sample was taken at random to ensure quality of the whole of the product.

Form MJ-04: Marijuana Cultivation Facility

Describe the method(s) used to ensure that any marijuana at the marijuana cultivation facility cannot be observed by the public from outside the facility:

Marijuana cultivation is done in rooms without any windows and closed doors making it impossible to be seen from the outside.

I certify that as a marijuana cultivation facility, I will submit monthly reports to the Department of Revenue and pay the excise tax required under AS 43.61.010 and 43.61.020 on all marijuana sold or provided as a sample to a marijuana establishment, as required under 3 AAC 306.480.

I declare under penalty of perjury that I have examined this form, including all accompanying schedules and statements, and to the best of my knowledge and belief find it to be true, correct, and complete.
