Subject:	AK Joint license #11920 *Application is still incomplete*
Date:	Thursday, May 25, 2017 4:25:53 PM

Good afternoon;

I have reviewed the corrected application you submitted for the cultivation facility. Following is the further corrections that this application needs:

- The first page of **all MJ applications**-on section 1 the context of "Licensee" is the name of the company applying for the license, in this case Alaska Joint Ventures, LLC. Please correct that.

- MJ-02: So there is no question about the areas that will be under cultivation, will you please notate that the 128 sq ft is the total of the tables in each room, and not in addition to the tables (if I am assuming correctly).

- MJ-04-page 2: the dimensions here are not really congruent with your diagram. For example, your second floor square footage is 295 sq ft (our office can only assume that it is the overall size of the room since your diagram shows 128 sq ft under cultivation, again just assuming)

Please note that this email does not extend the 90 day deadline to have a complete application turned in that was given on the original incomplete letter.
