Good Afternoon Nadia,

Currently the entire Department of Commerce is experiencing network difficulties and our IT group is working right now to fix the issue.

Hi,
Is there a problem with your website? I can't access any pages. And if it is, do you know when will it be working? I will need to apply for a new license since my correction period of 30 days have passed, but I am not able to do that because the website is down?

Thank you much.
Nadia

So it looks like you need to work with CBPL and get a new business license issued under your corrected name. When you get a new one make sure the DBA is the same as it is now. Once you get a new license go ahead and send me a copy and I can change it in your application on our side.

Sorry this is turning out to be a headache!

Hi,
I see that the status of my application was changed from 'under review' to 'incomplete'.
Can you please let me know what needs to be done for my application to be 'completed'?
Thank you.
Nadia
