Re: Standard Marijuana Cultivation Facility #12633

Dear applicant,

The AMCO Office is reviewing the documents submitted for the proposed marijuana establishment license referenced above. The following items need to be corrected and/or resubmitted**.**

- **Online Application**
  - Please clarify your affiliates. Currently affiliates are a rare occurrence due to financial interests. For your information Landlords do not qualify as affiliates and are exempt from "direct or indirect financial interest". Additionally sale of unusable waste to them would not categorize them as affiliates.
  - If you intend for Pamela and Michael to be included in the license they would need to become licensees and have to complete all the applicable paperwork. If this is the case please inform us and we can outline the steps that need to be taken.
  - We noted that your entity name and business name are closely related to prominent marijuana licensees in Colorado and Washington. Could you please clarify your relation with the Emerald City Organics in CO and WA?
  - Please clarify your Community Council, your answer on your online application and your MJ-08 are inconsistent.
- **MJ-00 Application Certifications**
  - Please correct the licensee field on both MJ-00's in section 1 to show your entity, not the individual. This field should read the same as your cover sheet.
  - Please correct the license type to the full name, as shown on your cover sheet.
- **MJ-01 Operating Plan**
  - On page 1, section 1, please correct your Licensee field and License type.
  - In pages 2 and 3 when defining visitors you include AMCO Staff/Director and peace officers/law enforcement then further outline your procedures to include requirements to sign NDA's and restricting access to prohibited areas. Please further clarify your answer, or exclude the above groups from mention of visitors so that your operating agreement is in alignment with our statutes and regulations.
  - On page 7 you checked the box indicating that surveillance records are stored off site but in the box above you note that they will be in a locked cabinet. Could you please clarify either answer and/or expand on the answer in the box?
  - Please resubmit the following pages in better scanned quality due to inability to read:
    - Page 10, 11, 12, and 15.

- **MJ-02 Premises Diagram**
  - On page 1, section 1, please correct your Licensee field and License type.
  - On one of your diagrams, please indicate the border of the licensed premises. If the entire building is licensed premises then indicate on the border of the whole building.
- **MJ-04 Cultivation Supplemental**
  - On page 1, section 1, please correct your Licensee field and License type.
  - Please resubmit the following pages in better scanned quality due to inability to read:
    - Page 3, 4, and 5.
- **MJ-07 Public Notice Posting Affidavit**
  - On page 1, section 1, please correct your Licensee field and License type.
- **MJ-08 Local Government Notice Affidavit**
  - On page 1, section 1, please correct your Licensee field and License type.
  - Please clarify your Community Council, your answer on your online application and your MJ-08 are inconsistent.
- **MJ-09 Statement of Financial Interest**
  - For all Entity Officials on page 1, section 1, please correct your Licensee field and License type.
- **Proof of Possession for Proposed Premises**
  - Please include a statement in your lease stating that in case of landlord seizure of the property the landlord may not seize marijuana and marijuana products and will contact AMCO enforcement for guidance.
  - Please make the use of property more specific than “miscellaneous crop cultivation”
  - Under ordinances and statutes please reword it in relations to federal statutes/authorities.

If we do not receive your completions within 90 days, per 3 AAC 306.025(f), you must file a new application and pay a new fee.

Sincerely,

Mark Bailey, Occupational Licensing Examiner
