Good afternoon, Sheila.

I reviewed your corrections. There are a couple of more things to address.

You did good on your diagrams but one more thing on the larger format diagram where you show the plant nursery/storage. The diagram says the area of plant nursery/storage is 228sf but your MJ-04 says your designated area for plant nursery is 170sf. Is the discrepancy because you are adding the storage area into the equation on the diagram?. Will you please make clear the square footage of the plant nursery on the diagram so it is not confusing and there is no question that you will only have fewer than 500sf under cultivation.

The other potential issue (I have to ask but I wanted to send you this email in the meantime) is that your lease states that the rent amount is TBD. What is there not an actual amount?

Please start working on the diagram, I will let you know when I find out if you need actually have an amount on the lease.

Please note that applications must be determined complete by 8/25/17 in order to be scheduled for the September board meeting.

Thank you

Subject: Email 2 of 2: Newspaper Ad, Lease Agreement, Operating Agreement

Dear Jane,

As referenced in your correspondence dated July 25, 2017, I have made the noted corrections and am submitting with this email a copy of the newspaper ad, a lease that includes the disclaimer and acknowledgement brought to my attention and a copy of DYZ Alaska, LLC's operating agreement.

Thank you,
Sheila Pierskalla
