MEMORANDUM

TO: Marijuana Control Board

DATE: September 13, 2022

FROM: Jane P. Sawyer,
Regulations Specialist/Acting PC

RE: Regulations Project – Renewal Application Requirement

At the June 29-30, 2022 meeting, the board sent the project out for public comment. The project was out for at least 45 days and it received three comments. In considering public comments, please pay attention to the cost to private persons of the regulatory action being taken.

The purpose of the amendments is to remove the requirement of a licensee to provide entity documents with a renewal application packet and change the requirement of providing proof of right to possession of the premises at every renewal season to upon request from AMCO.

Potential board actions after considering public comments:

- move to adopt
- move to amend and adopt as amended (or send back out for public comment if amendments are substantive)
- move to send back to staff for more work
- close project if not moving forward with it
