Hi Jane,

The sample label provided on page 4 of MJ-03 *is* a sample of the actual label that the retailer will use in accordance with 3 AAC 306.345(b), it meets all of the requirements of the regulation. Some retailers only use the METRC generated label that includes all of the information required under this regulation (just a white sticky label with black text) and sometimes the retailer doesn't affix anything in addition to the manufacturer's label (I've attached some photos as examples). In this example, the manufacturer attached the label which meets all of the requirements of 306.345 and the retailer does not need to affix any additional labeling.

We are unsure of what else to provide for this request. Please advise.

Thank you!

One more thing on this one.

I did not see a sample of the actual label that the retail will use that MJ-03

asks for. Can you submit one.

Thank you
Jane
