MEMORANDUM

TO: Marijuana Control Board

DATE: September 13, 2022

FROM: Jane P. Sawyer, Regulations Specialist

RE: Regulations Project – Trade Shows – sample sizes

At the June 29-30, 2022 meeting, the board sent this project out for public comment. The project was out for about 45 days and it received three comments. In considering the public comments, please pay attention to the cost to private persons of the regulatory action being taken.

The amendment would allow a licensed cultivation facility and a licensed retail facility to bring up to one ounce **of each strain** of marijuana to a trade show or event for display.

Potential board actions after considering public comments:

- move to adopt
- move to amend and adopt as amended (or send back out for public comment if amendments are substantive)
- move to send back to staff for more work
- close project if not moving forward with it
