Re: Limited Marijuana Cultivation Facility #13102

Dear applicant,

The AMCO Office is reviewing the documents submitted for the proposed marijuana establishment license referenced above. The following items need to be corrected and/or resubmitted.

- **MJ-01 Operating Plan**
  - Page 2, first box: The wording on signs that must be posted at the entrance of each restricted access area per 3 AAC 306.710 should be "Restricted access area. Visitors must be escorted", "No Unauthorized Access" can be an additional sign but please just make a reference in this box that you understand the signs requirement.
  - Page 2, second box: elaborate further regarding the escorting of visitor's. For example, you do not mention the required employee/customer ratio. How is your establishment going to comply with it? Also, supposing that the context of the word "products" in this box is "marijuana", will you please replace that word to avoid any confusion. Cultivation facilities should not have marijuana products in its inventory.
  - Page 9: To avoid any confusion, please replace/remove the term "Marijuana Product". A cultivation facility should not have marijuana product in its inventory.
  - Page 15, first box: please elaborate further explaining how your establishment will comply with the packaging requirements under 3 AAC 306.470 and 3 AAC 306.475, and 3 AAC 306.565 and 3 AAC 306.570. Include a sample label required under 3 AAC 306.470 and 3 AAC 306.475.
  - Page 15, both boxes: To avoid any confusion, please remove the term "Marijuana products". A cultivation facility should not have marijuana products in its inventory.
  - Page 16: Are you going to have any signs with your business name on it? Please respond in the box.

- **MJ-02 Premises Diagram**
  - Please provide an aerial view diagram, even if it is nicely hand-drawn, that clearly shows the proposed establishment and what surrounds it.
  - On the diagram submitted please show the following:
    - Outline what the licensed premises will be (I see the restricted access area, but is that also the only area that will be considered the Licensed Premises? Or is the first floor going to be licensed also?)
    - Show camera placements

- Entrance(s)
- Exit(s)
- Overall dimension are not legible, please make them clear.
- Because this is a limited cultivation, please show the dimensions of the "under cultivation" areas

- **MJ-04 Cultivation Supplemental**
  - Page 5: please expand upon your answer and describe how your establishment will comply with 3 AAC 306.465.
  - Page 6: please provide a sample label required under 3 AAC 306.470 and 3 AAC 306.475 (I asked for this above under MJ-01).

- **Proof of Possession for Proposed Premises (changes to the lease must be initialed by the parties or it can be an addendum to the lease which also needs to be signed by the parties).**
  - Please incorporate in the lease the following:
    - An acknowledgment from the lessor/landlord that the premises will be used for a marijuana establishment and,
    - A disclaimer that the lessor/landlord will not take possession or remove marijuana from the premises and AMCO enforcement will be contacted (usually under the "Default" or the like section of the lease).

- **Miscellaneous:**
  - There is an application in our system with license #10007 initiated over a year ago at same location. Will you please confirm that it is okay to void it since it never moved forward.

If we do not receive your completions within 90 days, per 3 AAC 306.025(f), you must file a new application and pay a new fee.

Respectfully,

Jane Sawyer, Occupational Licensing Examiner
