Form MJ-02: Premises Diagram

What is this form?

A detailed diagram of the proposed licensed premises is required for all marijuana establishment license applications, per 3 AAC 306.020(b)(8). Your diagram must show all entrances and boundaries of the premises, restricted access areas, and storage areas, and dimensions. For those applying for a limited marijuana cultivation license, the proposed area(s) for cultivation must be clearly delineated.

The second page of this form is not required. Blueprints, CAD drawings, or other clearly drawn and marked diagrams may be submitted in lieu of the second page of this form. The first page must still be completed, attached, and submitted to any supplemental premises diagrams. An AMCO employee may require you to complete the second page of this form if additional documentation for your premises diagram is needed.

This form must be submitted to AMCO's main office before any license application will be considered complete.
