Alaska Marijuana Control Board

Operating Plan Supplemental

Form MJ-04: Marijuana Cultivation Facility

What is this form?

This operating plan supplemental form is required for all applicants seeking a marijuana cultivation facility license and must accompany the **Marijuana Establishment Operating Plan (Form MJ-01)**, per 3 AAC 306.020(b)(11). Applicants should review **Chapter 306: Article 4** of the **Alaska Administrative Code.** This form will be used to document how an applicant intends to meet the requirements of those regulations. If your business has a formal operating plan, you may include a copy of that operating plan with your application, but all fields of this form must still be completed per 3 AAC 306.020 and 3 AAC 306.420(2).

What additional information is required for cultivation facilities?

Applicants must identify how the proposed establishment will comply with applicable regulations regarding the following:

- Prohibitions
- Cultivation plan
- Odor control
- Testing procedure and protocols
- Security

This form must be submitted to AMCO's main office before any marijuana cultivation facility license application will be considered complete.

Section 1 – Establishment Information

Enter information for the business seeking to be licensed, as identified on the license application.

Licensee:	Joseph Eickholt, Amber Eickholt, Lee Drotzur	**License Number:**	16028

Form MJ-04: Marijuana Cultivation Facility

Section 2 – Prohibitions

Applicants should review 3 AAC 306.405 – 3 AAC 306.410 and be able to answer "Agree" to all items below.

The marijuana cultivation facility will not:	Agree	Disagree
Sell, distribute, or transfer any marijuana or marijuana product to a consumer, with or without compensation	✓	
Allow any person, including a licensee, employee, or agent, to consume marijuana or marijuana product on its licenses premises or within 20 feet of the exterior of any building or outdoor cultivation facility	✓	
Treat or otherwise adulterate marijuna with any organic or nonorganic chemical or compound to alter the color, appearance, weight, or odor of the marijuana	✓	

Section 3 – Cultivation Plan

Review the requirements under 3 AAC 306.420, and identify how the proposed premises will meet the listed requirements.

Describe the size of the space(s) the marijuana cultivation facility intends to be under cultivation, including dimensions and overall square footage. Provide your calculations below:

There will be three cultivation areas within the facility for a total of 496 sq ft. under cultivation.

Room One: Vegetation Room
Total Room Size 10'x16' = 160 sq ft
112 Sq Ft Under Cultivation
10'x10'=100 sq ft area & 3'x4'=12 sq ft area as shown in diagram

Room Two: Vegetation/Bloom Room
Total Room Size 34'x40' =1360 sq ft
384 sq ft Under Cultivation
Three 8'x16'=384 sq ft areas as shown in diagram

Describe the marijuana cultivation facility's waste disposal arrangements:

Our facility will mix plant waste with at least a 50/50 biodegradable material that will be transferred to Alaska Waste Landfill located in Fairbanks. AMCO will be given at least three days notice prior to rendering waste unusable in writing via email. Waste will be stored in rubber trash bins during three day waiting period.

Section 4 – Odor Control

Review the requirements under 3 AAC 306.430, and identify how the proposed premises will meet the listed requirement.

Describe the odor control method(s) to be used and how the marijuana cultivation facility will ensure that any marijuana at the facility does not emit an odor that is detectable by the public from outside the facility:

We will use carbon filters and ozone eliminators for all air ventilation exiting the facility.

Section 5 – Testing Procedure and Protocols

Review the requirements under 3 AAC 306.455 and 3 AAC 306.465, and identify how the proposed premises will meet the listed requirements.

Applicants should be able to answer "Agree" to the item below.

I understand and agree that:	Agree	Disagree
The board will or the director shall from time to time require the marijuana cultivation facility to provide samples of the growing medium, soil amendments, fertilizers, crop production aids, pesticides, or water for random compliance checks	☑	☐

Describe the testing procedure and protocols the marijuana cultivation facility will follow:

After each harvest a licensed individual will collect random homogenous samples of bud and flowers for testing of each segregated batch of individual strains. Samples will meet laboratory size requirements. Individual will then sign statement declaring samples were selected randomly. A copy will be kept as a business record and original will be provided to testing facility. Sample will be transported by licensed individual with valid Marijuana Handler's Permit to testing facility in compliance with 306.750 with transport manifest staying with marijuana at all times. While awaiting results the entire batch will be segregated and kept in secure cool, dry, storage location to prevent contamination. No marijuana will be sold or transported until test results are received. Test results will be maintained as business record.

Form MJ-04: Marijuana Cultivation Facility

Describe the method(s) used to ensure that any marijuana at the marijuana cultivation facility cannot be observed by the public from outside the facility:

There will be no windows or direct access to marijuana from the outside. Marijuana will not be visible to the public.

I certify that as a marijuana cultivation facility, I will submit monthly reports to the Department of Revenue and pay the excise tax required under AS 43.61.010 and 43.61.020 on all marijuana sold or provided as a sample to a marijuana establishment, as required under 3 AAC 306.480.

I declare under penalty of perjury that I have examined this form, including all accompanying schedules and statements, and to the best of my knowledge and belief find it to be true, correct, and complete.
