TO: Chair and Members of the Board

DATE: April 10, 2024

FROM: Donavan Bennett-Smith
OLE, Alcohol and Marijuana Control Office

RE: Denali Fire Brown LLC
License #14619

This is a MJ-15 Operating Plan Change application for a Marijuana Product Manufacturing Facility within the
Municipality of Anchorage, Denali Fire Brown LLC, dba Denali Fire Extracts

Date Application Initiated: 07/27/2023

Date Under Review Queue: 10/26/2023

Other Public Comments Received: No

Staff Questions/Issues for Board: Yes

Denali Fire Brown LLC seeking approval to add nicotine oil as an option, during production of the following previously approved products amending the previous MJ-05 Documents:

- Denali Fire RSC
- Denali Fire Rosin
- FECO Distillate
- JPODS
- Live Resin Distillate
- Loud Resin Distillate
- Distillate.

The additional language change for each product includes the following:

"Licensee may also opt to add nicotine oil to the concentrate during the production process. Licensee may also opt to add liquid nicotine, from a certified U.S. wholesaler to the concentrate during the production process for vape carts only. Licensee holds a valid tobacco endorsement."

Packaging language changes are as follows:

"If optional liquid nicotine is added, ml of nicotine will be indicated on the product label and will meet FDA regulations."
