Subject:	Follow up on corrections received 11/16/17-Henleys" Happy Harvest, LLC license #12572 *Still Incomplete*
Date:	Monday, November 20, 2017 12:16:00 PM

Hello, Julie and Harold,

I have reviewed the corrections I received 11.16.17, little more work needs to be done:

- MJ-01, page 1, please list a primary contact.
- MJ-01, page 5, please expand upon your answer and describe how your establishment will prevent diversion by employees.
- MJ-01, page 11, will your establishment provide in-house training to employees other than making sure they have a current marijuana handlers' permit? Please explain in the box.
- MJ-01, page 18, you left this page without an answer. Please provide an answer to this box.

- MJ-04, page 2, so in this box you describe the overall square footage of the vegetation room and flowering room which is fine. However, because this is a limited cultivation application your description of your area(s) that will actually be under cultivation must be described in this box. For example, you overall's vegetation room's square footage is 170sf, but your vegetation table is 8x4 and your seed/clone rack does not have dimensions.

- MJ-02, the diagram that shows your house and the garage, please clearly delineate the proposed licensed premises. For example, is the area labeled "garage" part of the licensed premises? If not, it's fine, but then just label the red outline "licensed premises" also. **Call me if I don't make sense, most people have trouble understanding what we need here.**

- The larger version of the proposed licensed premises that shows the interior layout is upside down, if you take both, the house diagram and the larger version of the licensed premises, and point the entrances of the proposed licensed premises on both the same direction you will see it.

- MJ-07, please provide the end date of the public notice you posted on 10/20/17, ALSO, what type of business is Paname Red's?.

Corrections for MJ-01 and MJ-04 only send the pages that I need corrected, not the entire document.

Please note that this email does not extend the 90-day deadline for you to have this application deemed complete by our office before you need to start from scratch. That deadline is 12/05/17.

Thank you

Hello,

This is the only reminder that you will receive letting you know that I have not received corrections from you.

This email does not extend the 90-day deadline outlined on the incomplete letter to get this applications accurate and complete before you need to start from scratch.

Respectfully,

Jane Sawyer

Jane,

I am able to view my application status is new and my business license number has been changed, but when I click on "continue application" I get and error that reads " your marijuana license contains information which does not match the Alaska business license". There is no further info. Any idea on what could be wrong?

I will type you up an incomplete letter with everything that you need to fix. It won't affect your place in line and you will not pay any additional fees. This is the time to get it correct, but it will essentially be starting over.

Jane

Hello Jane P Sawyer,

I am emailing you to inform you that I will be changing my business license from a soul proprietorship to a LLC.

Will this effect my application status? Will I need to start a new application? Will I be required to pay application fees again.

Thank you for your time.

Harold Henley
