Alaska Marijuana Control Board

Form MJ-01: Marijuana Establishment Operating Plan

What is this form?

An operating plan is required for all marijuana establishment license applications. Applicants should review **Title 17.38** of **Alaska Statutes** and **Chapter 306** of the **Alaska Administrative Code.** This form will be used to document how an applicant intends to meet the requirements of those statutes and regulations. If your business has a formal operating plan, you may include a copy of that operating plan with your application, but all fields of this form must still be completed per 3 AAC 306.020(c).

What must be covered in an operating plan?

Applicants must identify how the proposed premises will comply with applicable statutes and regulations regarding the following:

- Control plan for persons under the age of 21
- Security
- Business records
- Inventory tracking of all marijuana and marijuana product on the premises
- Employee qualification and training
- Health and safety standards
- Transportation and delivery of marijuana and marijuana products
- Signage and advertising

Applicants must also complete the corresponding operating plan supplemental forms (**Form MJ-03, Form MJ-04, Form MJ-05,** or **Form MJ-06)** to meet the additional operating plan requirements for each license type.

Section 1 – Establishment & Contact Information

Enter information for the business seeking to be licensed, as identified on the license application.

Section 2 – Control Plan for Persons Under the Age of 21

2.1. Describe how the marijuana establishment will prevent persons under the age of 21 from gaining access to any portion of the licensed premises and marijuana items:

Any potential visitors will have their ID checked prior to entry into the licensed premises. If they are found to be under age they will be asked to depart the property or remain outside the licensed premises. The exterior doors will have commercial grade locks that will remain locked at all times to not allow anyone but an employee or licensee to enter unescorted.

Section 3 – Security

Restricted Access Areas (3 AAC 306.710):

3.1. Describe how you will prevent unescorted members of the public from entering restricted access areas:

The entire licensed premises will be restricted access. Prior to entry into the licensed premises any visitors will be checked in and have their identification vetted The only exterior door will have commercial grade locks that will automatically re-lock the door. The main entrance will have signage posted indicating that the building is restricted access and that visitors must be escorted, along with signage warning that they are under camera surveillance.

3.2. Describe your recordkeeping and processes for admitting visitors into and escorting them through restricted access areas:

Visitors will provide their information in a Visitors log and be handed their visitor badges. This will include their name, date and time of entry, date and time of exit. This log will be scanned and saved to the company computer and cloud storage. Original copies will be kept on premises. The number of visitors will be limited to only five (5) per single employee.

AMCO Received 8/30/2018

3.3. Provide samples of licensee-produced identification badges that will be displayed by each licensee, employee, or agent while on the premises, and of visitor identification badges that will be worn by all visitors while in restricted access areas:

See attached below this page.

Security Alarm Systems and Lock Standards (3 AAC 306.715):

3.4. Exterior lighting is required to facilitate surveillance. Describe how the exterior lighting will meet this requirement:

Lighting will be posted on the front of the building and above the exterior door, illuminating at minimum 20 feet away from the licensed premises. Lighting will be automatically turned on at night.

3.5. An alarm system is required for all license types that must be activated on all exterior doors and windows when the licensed premises is closed for business. Describe the security alarm system for the proposed premises, explain how it will meet all regulatory requirements, and outline your policies and procedures regarding the actions to be taken by a licensee, employee, or agent when the alarm system alerts of an unauthorized breach:

Dutch Buds will be using a security system with 24/7 3rd party monitoring. There will be contact sensors on the exterior door, and the permanently shut garage door. A motion sensor will be in the entry room to detect intruders after hours. If an unauthorized breach occurs the system will notify the monitoring service who in turn will notify the primary licensee along with emergency services. If there is a valid breach the licensee will await contact from the responding law enforcement officer. Once the situation has been deemed safe the licensee will collect information regarding the breach and contact AMCO within twenty-four hours from the incident.

3.6. Describe your policies and procedures for preventing diversion of marijuana or marijuana product, including by employees:

All areas where marijuana will be grown or processed will be in camera coverage. At all stages the marijuana will be traced in METRC and regular audits will be done monthly, and more frequently around times of harvest and drying/trimming.

3.7. Describe your policies and procedures for preventing loitering:

The licensee will be about the property and premises throughout the day. Anyone found loitering will be quickly asked their business and asked to leave. If they refuse to leave law enforcement will be contacted.

You must be able to certify the statement below. Read the following and then sign your initials in the box to the right: Initials

3.8. I certify that if any additional security devices are used, such as a motion detector, pressure switch, and duress, panic, or hold-up alarm, to enhance security of the licensed premises, I will have written policies and procedures describing their use.

Video Surveillance (3 AAC 306.720):

You must be able to certify each statement below. Read the following and then sign your initials in the corresponding box: Initials

3.9. The video surveillance and camera recording system for the licensed premises covers each restricted access area, and both the interior and exterior of each entrance to the facility. [initials]

3.10. Each video surveillance recording: is preserved for a minimum of 40 days, in a format that can be easily accessed for viewing (consistent with the Alcohol & Marijuana Control Office's approved format list); clearly and accurately displays the time and date; and is archived in a format that does not permit alteration of the recorded image. [initials]

3.11. The surveillance room or area is clearly defined on the Form MJ-02: Premises Diagram that is submitted with this application. [initials]

3.12. Surveillance recording equipment and video surveillance records are housed in a designated, locked, and secure area or in a lock box, cabinet, closet or other secure area where access is limited to the licensee(s), an authorized employee, and law enforcement personnel (including an agent of the Marijuana Control Board). [initials]

3.13. Describe how the video cameras will be placed to produce a clear view adequate to identify any individual inside the licensed premises, or within 20 feet of each entrance to the licensed premises:

Cameras will be placed higher up on the wall to be out of reach from someone from the floor. They will not be behind any lighting hoods or other ceiling hung fixtures. All cameras will cover all restricted access areas, entrances and exits.

3.14. Describe the locked and secure area where video surveillance recording equipment and original copies of surveillance records will be housed and stored, and how you will ensure the area is accessible only to authorized personnel, law enforcement, or an agent of the Marijuana Control Board. If you will be using an offsite monitoring service and offsite storage of video surveillance records, your response must include how the offsite facility will meet these security requirements:

Video recording equipment and records will be stored in a locked steel cabinet within the restricted access area. Only the primary licensee will have the key to access the cabinet and will provide access to law enforcement or agents of the MCB.

Section 4 – Business Records

Review the requirements under 3 AAC 306.755. All licensed marijuana establishments must maintain, in a format that is readily understood by a reasonably prudent business person, certain business records.

4.1. I certify that the following business records will be maintained and kept on the licensed premises: Initials

a. **all books and records necessary to fully account for each business transaction conducted under my license for the current year and three preceding calendar years** *(records for the last six months must be maintained on the licensed premises; older records may be archived on or off-premises)*; NB

b. **a current employee list setting out the full name and marijuana handler permit number of each licensee, employee, and agent who works at the marijuana establishment;** NB

c. **the business contact information for vendors that maintain video surveillance systems and security alarm systems for the licensed premises;** NB

d. **records related to advertising and marketing;** NB

e. **a current diagram of the licensed premises, including each restricted access area;** NB

f. **a log recording the name, and date and time of entry of each visitor permitted into a restricted access area;** NB

g. **all records normally retained for tax purposes;** NB

h. **accurate and comprehensive inventory tracking records that account for all marijuana inventory activity from seed or immature plant stage until the retail marijuana or retail marijuana product is sold to a consumer, to another marijuana establishment, or destroyed;** NB

i. **transportation records for marijuana and marijuana product, as required by 3 AAC 306.750(f); and** NB

j. **registration and inspection reports of scales registered under the Weights and Measures Act, as required by 3 AAC 306.745.** NB

4.2. A marijuana establishment is required to exercise due diligence in preserving and maintaining all required records. Describe how you will prevent records and data, including electronically maintained records, from being lost or destroyed:

All hard copies of paperwork will be kept on the licensed premises, or if they are past their respective retention dates, kept in a fire proof safe on the property. All hard copies will be scanned and uploaded to a hard drive and cloud storage for permanent retention.

Section 5 – Inventory Tracking of All Marijuana and Marijuana Product

Review the requirements under 3 AAC 306.730. All licensed marijuana establishments must use a marijuana inventory tracking system capable of sharing information with Metrc to ensure all marijuana cultivated and sold in the state, and each marijuana product processed and sold in the state, is identified and tracked from the time the marijuana is propagated from seed or cutting, through transfer to another licensed marijuana establishment, or use in manufacturing a marijuana product, to a completed sale of marijuana or marijuana product, or disposal of the harvest batch of marijuana or production lot of marijuana product.

You must be able to certify each statement below. Read the following and then sign your initials in the corresponding box: Initials

5.1. My marijuana establishment will be using Metrc, and if any other tracking software is used, it will be capable of sharing information with Metrc.

5.2. All marijuana delivered to a marijuana establishment will be weighed on a scale registered in compliance with 3 AAC 306.745.

5.3. My marijuana establishment will use registered scales in compliance with AS 45.75.080 (Weights and Measures Act), as required by 3 AAC 306.745.

Section 6 – Employee Qualification and Training

Review the requirements under 3 AAC 306.700. A marijuana establishment and each licensee, employee, or agent of the marijuana establishment who sells, cultivates, manufactures, tests, or transports marijuana or a marijuana product, or who checks the identification of a consumer or visitor, must obtain a marijuana handler permit from the board before being licensed or beginning employment at a marijuana establishment.

You must be able to certify each statement below. Read the following and then sign your initials in the corresponding box: Initials

6.1. Each licensee, employee, or agent of the marijuana establishment who sells, cultivates, manufactures, tests, or transports marijuana or marijuana product, or who checks the identification of a consumer or visitor, shall obtain a marijuana handler permit from the board before being licensed or beginning employment at the marijuana establishment.

6.2. Each licensee, employee, or agent who is required to have a marijuana handler permit shall keep that person's marijuana handler permit card in that person's immediate possession (or a valid copy on file on the licensed premises) when on the licensed premises.

6.3. Each licensee, employee, or agent who is required to have a marijuana handler permit shall ensure that that person's marijuana handler permit card is valid and has not expired.

6.4. Describe any in-house training that will be provided to employees and agents (apart from a marijuana handler course):

Employees will be trained on safe working practices which includes proper PPE, and other safe operating standards. Employees will be required to know the applicable regulations that relate to their job duties.

Section 7 – Health and Safety Standards

Review the requirements under 3 AAC 306.735.

You must be able to certify each statement below. Read the following and then sign your initials in the corresponding box: Initials

7.1. I understand that a marijuana establishment is subject to inspection by the local fire department, building inspector, or code enforcement officer to confirm that health or safety concerns are not present. [MB]

7.2. I have policies regarding health and safety standards (including: ensuring a person with an illness or infection does not come into contact with marijuana or marijuana product; good hygienic practices; cleaning and maintenance of equipment and the premises; pest deterrence; chemical storage; sanitation principles; and proper handling of marijuana and marijuana product) and will take all reasonable measures and precautions to ensure that they are met or exceeded. [MB]

7.3. I have policies to ensure that any marijuana or marijuana product that has been stored beyond its usable life, or was stored improperly, is not salvaged and returned to the marketplace. [MB]

7.4. I have policies to ensure that in the event information about the age or storage conditions of marijuana or marijuana product is unreliable, the marijuana or marijuana product will be handled in accordance with 3 AAC 306.735(d). [MB]

Answer "Yes" or "No" to each of the following questions:	Yes	No
7.5. Adequate and readily accessible toilet facilities that are maintained and in good repair and sanitary condition are clearly indicated on my Form MJ-02: Premises Diagram.	☐	✓
7.6. Convenient handwashing facilities with running water at a suitable temperature are clearly indicated on my Form MJ-02: Premises Diagram.	✓	☐

7.7. If you answered "No" to either 7.5 or 7.6 above, describe how toilet and/or handwashing facilities are made accessible, as required by 3 AAC 306.735(b)(2):

Not noted on the diagram, but bathroom facilities are in the residential house owned by the licensee adjacent to the proposed licensed premises.

Section 8 – Transportation and Delivery of Marijuana and Marijuana Products

Review the requirements under 3 AAC 306.750.

8.1. Describe how marijuana or marijuana product will be prepared, packaged, and secured for shipment. Include a description of the type of locked, safe, and secure storage compartments to be used in vehicles transporting marijuana or marijuana product:

Marijuana once ready to be transported will be packed in wholesale packages of up to five pounds. Marijuana packaged for direct retail sales will be packaged in containers holding no more than one ounce. Once prepared for transport the marijuana will be secured in a locked tote, and the METRC transport manifest will be partnered with the container. Totes during transit will be kept in the back of the vehicle under a cover so it will not remain visible from the outside during transportation.

AUG 29 2018
ALCOHOL MARIJUANA CONTROL OFFICE
STATE OF ALASKA

You must be able to certify each statement below. Read the following and then sign your initials in the corresponding box: Initials

8.2. The marijuana establishment from which a shipment of marijuana or marijuana product originates will ensure that any individual transporting marijuana shall have a marijuana handler permit required under 3 AAC 306.700.

8.3. The marijuana establishment that originates the transport of any marijuana or marijuana product will use the marijuana inventory tracking system to record the type, amount, and weight of marijuana or marijuana product being transported, the name of the transporter, the time of departure and expected delivery, and the make, model, and license plate number of the transporting vehicle.

8.4. The marijuana establishment that originates the transport of any marijuana or marijuana product will ensure that a complete printed transport manifest on a form prescribed by the board must be kept with the marijuana or marijuana product at all times during transport.

8.5. During transport, any marijuana or marijuana product will be in a sealed package or container in a locked, safe, and secure storage compartment in the vehicle transporting the marijuana or marijuana product, and the sealed package will not be opened during transport.

8.6. Any vehicle transporting marijuana or marijuana product will travel directly from the shipping marijuana establishment to the receiving marijuana establishment, and will not make any unnecessary stops in between except to deliver or pick up marijuana or marijuana product at any other licensed marijuana establishment.

8.7. When the marijuana establishment receives marijuana or marijuana product from another licensed marijuana establishment, the recipient of the shipment will use the marijuana inventory tracking system to report the type, amount, and weight of marijuana or marijuana product received.

8.8. The marijuana establishment will refuse to accept any shipment of marijuana or marijuana product that is not accompanied by the transport manifest.

Section 9 – Signage and Advertising

9.1. Describe any signs that you intend to post on your establishment with your business name, including quantity, dimensions, graphics, and location on your establishment (photos or drawings may be attached):

No signage noting the premises is a marijuana facility will be posted unless required.

RECEIVED

9.2. Describe any advertising you intend to distribute of your establishment. Include medium types and business logos (photos or drawings may be attached):

When advertising, Dutch buds will use various media such as newspaper and social media. Attached is our logo that will coincide with each advertisement. At no time will any logo depict a cartoon which may be taken as targeting minors.

I declare under penalty of unsworn falsification that this form, including all accompanying schedules and statements, is true, correct, and complete.
