David,

I reviewed your corrections. Couple more things:

- The signature page on the LLC's Operating Agreement, are these your real signatures? If not, will you please hand sign it.
- On the property survey, will you please clearly point out the proposed cultivation facility.

This email does not extend the 90-day to have this application deemed complete by our office. That deadline is 3/01/18. If you want this application to be on the agenda for the January meeting, your corrections need to be in our office in time for the application to be deemed complete by 1/5/18.

Thank you
