Follow up on corrections received.

The statement on the label with MJ-01 is still incorrect. The regulation reads:
"For use only by adults twenty-one and older. Keep out of the reach of children."

Your statement reads:

> Alaska Safety Warning: Marijuana has intoxicating effects and may be habit forming and addictive. Marijuana impairs concentration, coordination and judgment. Do not operate a vehicle or machinery under its influence. There are health risks associated with consumption of marijuana. **For us by adults twenty-one and older ONLY!** Keep out of the reach of children. Marijuana should not be used by women who are pregnant and/or breast feeding.

The same statement mentioned above is still incorrect on the label on page 4 of MJ-03.

The updated diagram is even more confusing. By enclosing the retail store in a dotted line you are essentially saying the entire store is restricted access area (that was not the intent of a restricted access area), not to mention your narrative on MJ-04 does not match with the diagram.

Your retail marijuana store diagram needs to very clearly show the licensed premises, and within the licensed premises, the restricted access area(s). You also need to show the complete layout of it (where are the POS's), what is the "behind the counter" area? , what is the middle rectangle shown on the diagram?. Where are the display cabinets. Any counter/cabinet/shelf etc. where you stock or store or dispense for sale marijuana or marijuana product needs to be behind a restricted access area.

Please also submit a larger version diagram of the retail marijuana store, of course, once it has been corrected.

Thank you
