Good morning,

Our office does not keep a list of approved weight scales that I am aware of. Please contact Weights and Measurements with the State of Alaska, I think they are with DOT.

I copied our enforcement section in case they have more information regarding this.

Thank you

Subject: Approved weight scales

Hello, I'm in the process of getting a limited cultivation license, and I was wondering if there's a list of approved weight scales. If you could send me a copy that would be greatly appreciated. Thank you have a good day.
