Subject: Handlers course for Board Members
Date: Wednesday, November 29, 2017 1:42:54 PM

Hello and Good afternoon! I am emailing the MCB to request that a member or the director make a motion to have all board members obtain a Marijuana Handlers Permit.I have been sitting in and listening to quite a few meetings and find it disheartening to hear and see that some representatives do not have basic knowledge of Cannabis and the over 100 cannabinoids that are naturally occurring in the Cannabis Flower. I feel that if you are trying to regulate a new industry it is your duty as someone who forms the regulations to have this basic knowledge. Thank You for your time.
