Chad,

I finally had a chance to review the corrections you submitted. Few more things:

- MJ-02 Premises Diagram
  - I attached the diagram in this email. Will you please add dimensions to the diagram.
  - And, provide a google-like aerial view that clearly (label) shows your establishment, and what surrounds the marijuana establishment and the property (label it, too) such what other businesses, buildings, houses, etc.

- MJ-04 Cultivation Supplemental
  - You submitted one label, which I also attached to this email. Is this label to go with your corrections in response to the incomplete-transfer letter for the cultivation? because I received it with the corrections for the retail, but I also need one for the cultivation.
  - Now, on the label, the warning labels should be verbatim and your label(s) is not. The warning *"For use only by adults twenty-one and older. Keep out of the reach of children."* Your label does not have the word "*only*". Please correct that.

I also reviewed the retail corrections and I will be sending you a follow up email on that, as well, by the end of the week.

Please note that this email does not extend the 90-day deadline to get this transfer application deemed complete. That deadline is 04/02/2018.

The deadline to get this application deemed complete and be in front of the board in the April meeting is 3/16/18.

Thank you
