Susan,

I reviewed your corrections. All I need from you is the lease and the MJ-07 for the public notice as requested in the original incomplete letter.

Please note that this email does not extend the 90-day deadline you have to get this application deemed complete to avoid having to start over from scratch. That deadline is 4/26/18. Furthermore, if you want this application to be scheduled for the April MCB meeting, the application must be deemed complete by 3/16/18.

Thank you

I wasn't happy to find that my system did not receive that email last month but am thrilled that you took the time to get me a copy of it - not that I didn't cuss about all the extra things I needed to cover for you, lol.

Attached is almost all of it, I have been working on for 2 days now and it covers everything except:

the posting, which has been reposted as of yesterday morning
the lease, the landlord will be back from Thailand soon and will get that to you. The added disclaimer will be with that.
Just a note: I am pretty sure my retail lease is in The 420s name and am checking that this morning.

I went right in and applied for my PFD so there you go.

If I missed anything, I am sure you will let me know.

Thank you so much for the help

Subject: incomplete

I just checked my application and it says it's incomplete and it was updated as of Jan. 25, 2018. All of the paperwork was turned in back in Sept. 2017. I do not mean to be an inconvenience, but we have been waiting a very long time to get on the docket and if there is something I can do right now to help that along, please tell me. These are the things not marked complete. I haven't received any notice from your offices.
