Subject:	Follow up on corrections received 2.21.18-Green Escape 13116
Date:	Monday, February 26, 2018 8:07:00 AM

John Joseph,

Sarah and I have reviewed your corrections. Little more work needs to be done:

- The current state business license you have has your last name first, and then your first name. Please obtain a business license that shows your first name and then your last name. I will need a copy of that so I can update our database.

- MJ-04 Cultivation Supplemental
  - On page 2, 4.1: you have a lot of information in this box but it does not really answer the question. The question is asking you to describe the space(s) you will have under cultivation to include dimensions and overall square footage. Your answer here should be precisely what the question is asking, remove the extra information that is not related to the question.
  - On your document Waste Guide, you state you will be either taking the non-organic mix to the landfill or incinerated. The question here is, have you received a written approval from the Kenai Peninsula Borough or the local government entity to incinerate the waste?
  - Page 6, 8.1 & 8.2: in these two boxes you have the same answer. However, each box asks a very specific question. 8.1 asks how you will package marijuana for a retail marijuana store to sell to a consumer without repackaging. 8.2 asks how you will meet the packaging requirements for wholesale packages. Please answer each questions specifically tailored to what the questions is asking.

- MJ-02 Premises Diagram
  - Please use one more color and outline the facility and label it licensed premises and restricted access area.
  - The 8' x 10' rooms do not seem to be to scale if the entire facility is 20' x 20'.
  - Please label the rooms that where you have the "lights", what are these room going to be used for.
  - In the facility diagram, please add the dimensions of what is actually going to be under cultivation (it is not 20' x 20', this is the size of your entire facility).

Please note that this email does not extend the 90-day deadline you have to

get this application deemed complete by our office which is 3/7/18.

Thank you
Jane Sawyer
