Rural Utility Business Advisor Program

LIEN WATCH:

A Review of Small Community Liens

JANUARY-FEBRUARY 2010

INTRODUCTION

The Division of Community and Regional Affairs' (DCRA) Rural Utility Business Advisor (RUBA) program sponsors *Lien Watch*, a bi-monthly report of liens held against public service entities in small communities. The purpose of *Lien Watch* is to identify community entities struggling with cash flow or management issues, as indicated by active tax leins or court-related debts. DCRA uses this report to identify communities that may need technical assistance to build local utility management capacity in rural Alaska. All records in this report are in the public domain and may be found at: http://dnr.alaska.gov/ssd/recoff/search.cfm.

This report lists unresolved state and federal tax liens and court judgments levied against municipal, tribal, and utility entities in communities with less than 2,500 persons within the timeframe of the report period. The information in this report is based on public domain lien data dating from July 1, 2000, to February 28, 2010, extracted from the records of the Alaska Department of Natural Resources (DNR) Recorder's Office. A single organization may have lien items filed under multiple names. For this report, liens have been standardized under the most representative name. Data reporting is limited to lien items totaling \$500 or more per entity. Liens unrelated to cities, tribes, utilities, or community non-profit associations are excluded. Liens issued to independent subsidiaries of tribal or community entities or for-profit private corporations are also excluded. To verify the validity of a particular lien, contact the entity listed or the agency that filed the document.

DATA LIMITATIONS

The Recorder's Office data has specific lien-related limitations. Data only represents debts for which liens have been issued. The recording of liens or their release may not be current due to reporting or recording delays. These delays can lead to significant differences between the amount of reported and actual lien-related debt.

The search feature of the Recorder's Office database is also limited. Keyword searches find only matches that begin with the term entered. Wildcard searches are prohibited. Consequently, records that include

misspellings, have an unexpected word order, or lack information may be unintentionally omitted from this report. Finally, real property liens are not included within this report.

LIEN SUMMARY

The compiled records through February 28, 2010, list 344 individual active lien items that were connected with 49 city, tribal, and utility entities in communities across Alaska. The median debt load per community entity was \$36,623 (average = \$130,164). The majority (65%)of these holding entities owed at least \$20,000. Thirteen of the 49 entities (27%) owed more than \$100,000.

Due to the multitude of

liens (53) filed against one entity in the current period and the inclusion of liens under \$500, the number of lien items recorded in January and February 2010 rose to 66, more than five times larger than number of liens issued (13) in January/February 2009. The number of lien item releases recorded in January and February 2010 was 24, almost twice as many releases as were released in January/February 2009 (13). Figure 1 shows the change in the number of active liens since *Lien Watch* began in January/February 2007. The two tables below list all of the liens issued and all of the liens released in the January/February 2010 period and are followed by a comprehensive list of all current lien items.

A judgment is considered "final" and thus appealable only if it determines the rights of the parties and disposes of all of the issues involved so that no further action will be necessary in order to determine the entire controversy.
- Hospital's, Physician's, and Nurse's Lien An operator of a hospital in the state, a licensed special nurse in a hospital, or a physician who furnishes service to a person who has a traumatic injury has a lien upon any sum awarded to the injured person by judgment, settlement, or compromise.
- Judgment on Confession Judgment entered where the defendant confessed action. The act of a debtor in permitting judgment to be entered against him by his creditor for a stipulated sum. In Alaska, a confession judgment can be entered before or after the commencement of action in Superior Court.
